

EOP INCOME GUIDELINES

These guidelines reflect an income level that will generate an Expected Family Contribution (EFC). EOP applicants should meet the low-income guidelines listed below and demonstrate the family is unable to provide an annual contribution of more than \$1,500 toward their college expenses.

For **dependent applicants**, this contribution is based solely on parental income and does not take into account any parental assets nor does it assume any contribution from the student's income or assets. For **independent applicants**, the contribution is based strictly on income with no consideration of available savings or other assets.
