Barbara J. Way, Interim Dean
Gary W. Kinsey, Associate Dean

The College of Education and Integrative Studies (CEIS) is comprised of the departments of Ethnic and Women's Studies, Liberal Studies, Education, Interdisciplinary General Education, and I-Poly High School. Departments pursue their goals independently and through joint development of pivotal, shared intellectual and social educational principles. There is a common commitment to inquiry-based, interactive instructional strategies and interdisciplinary curriculum.

I-Poly offers direct experiences for secondary education students, and offers a model high school education with critical thinking and innovative teaching at its core.

The mission of the College of Education and Integrative Studies is to educate responsible citizens to take leadership in creating a free and just society, and to act with authenticity and social conscience in an atmosphere of candor and trust. The college's objective is for faculty and students in CEIS to form a holistic and coherent learning community that will begin at the baccalaureate and continue through the professional program and master's degree.

In pursuit of this educational goal, the college emphasizes excellence, equality, and ethics at all levels in public and private domains, through a broad multicultural and multidisciplinary approach. In its commitment to these principles, CEIS chooses to embrace the ethical dimensions of human inquiry, behavior and interaction in all its educational endeavors. Pluralism and diversity are at the core of its educational philosophy, encouraging a genuine respect for individual and cultural diversity, and an understanding of the forces that impact humans in their local, regional, national and world communities. Consequently, while subscribing to the traditional mission of educational institutions to transmit knowledge, CEIS pledges that this knowledge will not reinforce or maintain unequal or unjust privilege.

CEIS believes that the creative transformation of knowledge is integral to learning. Knowledge, to remain vital, must be discovered by the learner, contemplated, interpreted, discussed, applied and acted upon, for the collective well-being of humans. CEIS pledges to foster knowledge that is broad, inquiry-based, interactive and diverse in form and substance.

GENERAL INFORMATION

Public school teaching and credentials in the State of California are regulated and accredited by the State of California. All programs for students seeking credentials are approved and monitored by the California Commission on Teacher Credentialing (CCTC). Since credential programs described in this publication are subject to change, students are urged to seek current information concerning new credential

requirements and deadlines from appropriate advisors in the Department of Education. Information concerning teacher preparation programs at Cal Poly Pomona including the pass rate on teacher certification examinations, may be obtained from the CEIS Student Services Center, Building 5-228, 909-869-2610.

Teacher Education is central to the mission of the CSU and a priority at both the system and campus levels. Cal Poly Pomona embraces preparation of teachers as a responsibility shared by all. Thus, the preparation of teachers at Cal Poly Pomona is a universitywide function. Faculty members from each credential major department and designated university personnel are appointed to serve on the Cal Poly Pomona Committee on Teacher Education. The formation of this committee represents Cal Poly's clear commitment to make teacher preparation an all-university responsibility.

Cal Poly Pomona's credential programs are fully accredited by the California Commission on Teacher Credentialing. Programs are offered leading to the following credentials and areas of specialization:

- (1) Basic Teaching Credentials: Multiple Subjects, Single Subject, Multiple and Single Subject/BCLAD (Spanish or Asian languages) Emphasis, Education Specialist Mild/ Moderate (Level I and Level II), Education Specialist Moderate/Severe (Level I and Level II).
- (2) Specialist Credentials: Agriculture; Adapted Physical Education.
- (3) Certificates: Educational Multimedia, Computers in Education, Computer Troubleshooting Certificate for Educators.
- (4) Administrative Services Credential (Tier I)

The basic credential programs emphasize the integration of theory and practice in the study of educational foundations, curriculum, methodology, and the teaching of reading. The specialist credentials and certificates expand these concepts to enable credential candidates to function as specialists in schools and other educational settings.

ADVISEMENT FOR CREDENTIALS

Students should initiate contacts and appointments for appropriate program advisement early in their undergraduate program. Since it is possible to begin the credential program (or to complete a preliminary credential) in the undergraduate years, it is recommended that contact be made with Education during the sophomore year. Students may petition to apply 13 units of credential course work completed while an undergraduate to graduate requirements. Contact Academic Programs, 98-T7-8 for additional information and the appropriate form.

Basic credential information materials and state credential requirements can be secured at the CEIS Student Services Office, Building 5, Room 228. Advisement sessions are held during each academic quarter. Detailed information on orientation dates and locations is available from the Student Services Office (Bldg. 5, Room 228). Academic advisors are also assigned to individuals seeking a credential upon application to the program.

Advice regarding the academic major is available in each appropriate department. State and CSU credential regulations require students to verify subject matter knowledge for the credential sought by successfully completing the appropriate state adopted examination (CSET) or an appropriate approved academic program of study and an assessment of subject matter competence.

Cal Poly Pomona is approved to offer programs of study in the following subjects for students planning to enter the Single Subject Credential Program:

Agricultural Education	Mathematics
Business Education	Music
English	Physical Education
History (Social Sciences)	Science

ORIENTATION SESSIONS

The Department of Education offers four separate orientation sessions. Detailed information on orientation dates and locations is available from the CEIS Student Services Center (Bldg. 5, Room 228) and from the Student Services Center website.

- General Orientation is offered related to admission to the credential program. Orientation is conducted in TED 105/405.
- Internship Orientation is required for credential candidates wishing to learn more about and/or enroll in the Intern program.
- Special Education Orientation is required for admission to the Education Specialist credential program.
- BCLAD Orientation is required for students obtaining the BCLAD Emphasis

REQUIREMENTS FOR CREDENTIALS

The California State requirements for earning a Preliminary Multiple Subjects or Preliminary Single Subject Credential or Education Specialist Level I are the following:

1. A baccalaureate (or higher) degree, in any major other than professional education, from an accredited institution.
2. Passing scores on the California Basic Education Skills Test (CBEST) or equivalent.
3. Satisfactory completion of at least 2 semester or 3 quarter units of work on the provisions and principles of the Constitution of the United States or successfully passing the appropriate U.S. Constitution examination.
4. Satisfactory completion of an approved program of professional preparation, including Directed (student) Teaching.
5. Demonstration of subject matter competence in the initial credential area, achieved through completion of the subject matter preparation program (2.75 GPA) approved by the California Commission on Teacher Credentialing. The requirement may also be met by passing the appropriate sections of the CSET.
6. Multiple Subjects and Education Specialist Credential candidates must pass the Reading Instruction Competence Assessment (RICA) before being recommended for a Preliminary Credential.
7. Satisfactory completion of a course requirement in health education and a current CPR card (KIN 441).
8. Satisfactory completion of training in the needs of, and methods of providing educational opportunities to individuals with exceptional needs. TED 551 meets this requirement.
9. Evidence of completion of computer competence. This requirement is met through GED 500/500L.
10. Completion of mandated TPAS (Teacher Performance Assessment).

Students may be recommended for a preliminary Single or Multiple Subjects credential upon completion of requirements 1-10. Education Specialist candidates must complete #1-6 and #8 from the Level I credential requirements.

Clearing the Education Specialist credential requires completion of the Education Specialist Level II program. Some course work in the basic credential programs may be applied towards a Master of Arts in Education at Cal Poly Pomona. Most Level II course work for the Education Specialist credential may be applied to the MA.

During the junior and senior years, courses in professional education (TED prefix courses) may be taken from the elective units allowed in the major. Course work taken while an undergraduate may be petitioned for graduate credit if the courses are not required for graduation (for a maximum of 13 units). These courses must be upper division or graduate level in the major, in the Department of Education, or directly related to increasing the student's competency as a teacher. The provisions governing courses taken by undergraduates for graduate credit are found in this catalog under the Academic Policies section of Academic Regulations and Programs.

ADMISSION PROCEDURES FOR THE BASIC CREDENTIAL PROGRAMS

Admission to the university does not constitute admission to the Multiple, Single Subject, Education Specialist or Education Administration Teacher Education Program. A current undergraduate Cal Poly student (if not in the Blended program) must reapply to the University as a graduate postbaccalaureate student to be admitted to a credential program. Undergraduate students must apply for program admission prior to

enrolling in methods classes. Undergraduate students who are not admitted to the Multiple, Single Subject, or Education Specialist Credential Program are not permitted to register in credential program methods courses.

All programs utilize the services of a selection committee. The committee is composed of department representatives who make recommendations regarding application to the program. The process for obtaining a teaching credential includes the following steps:

1. Application and admission to Cal Poly Pomona (CSU application)
2. Application and approval to the Education Program (BCAP, SECAP, or ACAP application)
3. Application and approval to directed (student) teaching (Directed Teaching application) for MS, SS, and ES candidates.
4. Application for the credential.

STEP 1: REQUIREMENTS FOR APPROVAL TO THE MULTIPLE SUBJECTS, EDUCATION SPECIALIST, AND SINGLE SUBJECT PROGRAMS (BCAP):

4. Successful completion of a supervised field experience. This prerequisite is met with TED 406 and TED 443 (Multiple Subjects and Education Specialists) or TED 432 (Single Subject).
5. Two (2) recommendations. One must be based on academic performance and one on involvement with youth.
6. Submission of passing CBEST or equivalent scores by the application deadline.
7. Purpose or Statement of Intent for pursuing a teaching credential (to be addressed as an essay).

The university sponsorship of the credential applicant is a voluntary act that is offered only when the student has successfully completed (in the judgment of the university) all the professional preparation requirements. These requirements are subject to change. For up-to-date information, students should consult the Department of Education.

STEP 2: REQUIREMENTS FOR APPROVAL TO DIRECTED (STUDENT) TEACHING:

1. Application for directed teaching: Submitted to the Student Services Center by the deadline. Application deadlines are posted by the Student Services Center, Room 5-228. All prerequisites must be completed prior to approval to the program.

Students entering BCAP for the Education Specialist Credentials have the option of choosing an Elementary emphasis or a Secondary emphasis. This is not an MS or SS credential, but the opportunity to tailor your special education program to your desired career goal--working either in an elementary special education setting or a secondary one. Passing the RICA is required for issuance of the Level I Education Specialist credentials. Level I is the preliminary credential. Level II is the Professional Clear Credential--see Level II section in this catalog.

The Ethnic and Women's Studies Department offers an educational program designed to equip students with the knowledge, analytical skills, and experience necessary to effectively live and work in today's diverse society.

History, culture, and contemporary issues are explored and analyzed through the intersecting perspectives of ethnicity, race, class and gender. The curriculum combines an interdisciplinary knowledge of our socio-cultural world with opportunities in service learning, internships, and community fieldwork.

EWS offers a major in Gender, Ethnicity, and Multicultural Studies (GEMS) with four subplans. The first subplan, BA in GEMS, allows for concentrations in African American Studies, Asian American Studies, Chicano/Latino Studies, Native American Studies, or Women's Studies. The second, third and fourth subplans prepare for or lead to the preliminary Multiple Subjects Teaching Credential: Pre-Credential BA (Subplan 2), the Blended BA/Credential (Subplan 3), and Blended BCLAD BA/Credential for bilingual students (Subplan 4). The department also offers minors in African American Studies, Native American Studies, Asian American Studies, Chicano/Latino Studies, Women's Studies, and an interdisciplinary minor in Multicultural Leadership.

Courses are open to all students in the university. Enrollment is encouraged for those who are seriously concerned about diversity and the quality of life in the 21st-century. Fields in which such concerns can find direct application are teaching, urban planning, social services, politics, recreation, law, the ministry, and others that have a direct bearing on particular ethnic and gender groups.

A new service learning requirement allows students an applied experience prior to graduation. Students have the choice of enrolling in EWS 280, EWS 200 and 400, or service learning designated courses.

The Interdisciplinary General Education Department (IGE) addresses the need for an integrated approach to curriculum, teaching, and scholarship. IGE is part of the College of Education and Integrative Studies, which shares these goals.

The IGE curriculum offers first-time freshmen an integrated approach to learning about literature, humanities, social sciences, and the arts. Students must be exempt from or score at least 151 on the EPT to qualify for admission to IGE. The program satisfies 32 units of lower-division general education requirements.

The IGE Program is open to any qualified student or undergraduate department wishing to adopt it as an option, and is the recommended GE pattern for Engineering, Architecture, and Liberal Studies majors. Students may substitute AP credit or major support courses for one course in an IGE yearly sequence, with a maximum of two substitutions in the IGE Program. For more information, contact the IGE Department Chair.

Students must complete at least two courses in an IGE yearly sequence to earn general education credit. Students who wish to leave IGE and move to the University General Education pattern are advised to do so at the end of a yearly sequence, e.g. after IGE 122 or IGE 222. Single IGE classes do not fulfill GE requirements. Students who choose to leave IGE and move to the University General Education pattern should seek advisement on how to fulfill remaining general education requirements.

How IGE fulfills General Education Requirements

Year	Completion of IGE Courses	Satisfies GE Requirements
Freshman	IGE 120, IGE 121, IGE 122	A1 (English 104) as well as any 2 courses from C1-C3
Sophomore	IGE 220, IGE 221, IGE 222	D1 (8 units) and D3
Junior	IGE 223, IGE 224	D2 and Area E

LIBERAL STUDIES

The major in Liberal Studies offers a diversified curriculum for those who are attracted to an interdisciplinary program of study. The purposes of Liberal Studies are twofold: (1) to provide the undergraduate preparation for students to teach in the public elementary schools of California, and (2) to prepare students for graduate work in such fields as law; or for work in business, human services, government, and public relations; or to pursue intellectual fulfillment for its own sake.

Five subplans are available. The first is the recommended baccalaureate curriculum preparation for the teaching credential program (monolingual). The second is the baccalaureate curriculum preparation for teaching with a bilingual, Spanish focus. There are also two (English-only and bilingual Spanish) blended (BA/credential) subplans. The fifth subplan is a flexible program of study who do not wish to be teachers and which assures a breadth of education and provides opportunity for concentration in an area of one's choice.

Admission to the Teacher Education Program is by separate application, usually in the senior year. Students choosing a career in education should consult with the Student Services Office in Education for entrance requirements for the credential program. Students are also advised that the California Basic Education Skills Test (CBEST) should be taken in their junior year to appropriately address possible deficiencies prior to graduation or application to the Teacher Education program. Students taking the Bilingual/Cross-cultural subplan should consult with the BCLAD advisor in the Education Department to ensure that they have the proper coursework and experience to meet the credentialing requirements in this area. Teacher candidates also have the responsibility to pass the CSET examination. Contact the CEIS Student Services Center or the Liberal Studies Department office for details.

The curriculum for those wishing to be elementary teachers includes discipline areas of language and literature, mathematics, science, social science/history, humanities, the visual and performing arts, physical education, human development, and health. Students must have a grade of C or better in each class to graduate in any of the teacher preparation options. Students interested in teaching may substitute the Education Specialist Credential Program or the Multiple Subjects Credential Program--see an advisor for details.

For students choosing the General Studies Subplan, elective courses may be used to satisfy all or part of the requirements for a minor in another subject, an additional major, or a diversified series of courses tailored to the student's own interests.

All students are assigned an advisor according to the first initial of their last name. Please see department or website for the list of advisors. Advisors are available during the quarter to assist in scheduling relevant courses; to resolve problems of credit for courses completed at another college or university; to clarify procedures which might facilitate progress toward the degree; to determine which forms students must file with the university prior to taking special actions; and to help with other problems, major or minor, which might affect the student's academic life.
