The Collins College of Hospitality Management is the first and largest hotel and restaurant management bachelor's degree program on the West Coast and has consistently ranked among the nation's premier hospitality management programs. The program was founded in response to the demand for qualified professionals due to the hospitality industry's explosive growth. The program started in 1973 with 30 students and two faculty members as a department in the College of Business Administration.

Today, the college thrives with nearly 1,000 ethnically diverse students and 30 faculty members. In 1999, the program was named The Collins School of Hospitality Management in recognition of a \$10 million pledge from Carol and Jim Collins. In 2008, the school became a college. This designation places The Collins College among only a handful of hospitality colleges nationwide, and it remains the only hospitality management college on the West Coast.

The college offers a Bachelor of Science degree in Hospitality Management that provides a combination of hospitality management, business, and general education coursework designed to assure that students understand the economic, legal, and social forces that shape the hospitality industry. Major coursework emphasizes qualitative and quantitative analysis, marketing and human resources. The themes of team building, unique characteristics of service, guest encounter skills, technology, critical thinking, ethics and leadership are woven throughout the courses.

Students work with a faculty mentor to design a series of support courses to help them focus on individual career goals. In addition, students learn about the hospitality industry by completing a minimum of 800 required hours of professional work experience prior to graduation.

The Collins College of Hospitality Management's state-of-the-art facilities include three buildings (43,000 square feet) that house kitchen laboratories, seminar rooms, classrooms, a career development center, a student government and club center, conference facilities, faculty and administrative offices and a Food and Wine Education Center. The college also includes the Restaurant at Kellogg Ranch. And, because of the Cal Poly Pomona's learn-by-doing educational philosophy, students manage and operate this full-service restaurant that serves lunch and dinner to the campus community as well as to the general public.

Each year, Collins College students are eligible for more than \$100,000 in endowed college scholarships. Another \$100,000 is also available

through professional organizations that have historically supported Collins College students. The Collins College also offers the annual Richard N. Frank Distinguished Lectureship Series and has received major gifts from Hae and Shina Park, Andrew and Peggy Cherng (Panda Restaurant Group), Carl N. and Margaret Karcher (Carl's Jr.), Richard N. and Mary Alice Frank (Lawry's Prime Rib), Handlery Hotels, Darden Restaurants, The Conrad N. Hilton Foundation, and The J. Willard and Alice S. Marriott Foundation.

MINOR IN HOTEL AND RESTAURANT MANAGEMENT

The Collins College currently offers two minor options: one for non-hospitality students and one for HRT and FST students. Information about each type of minor follows. The objectives of the Minor in Hospitality Management are 1) to allow students in majors other than Hospitality Management to develop marketable skills for application in the hospitality industry and 2) to allow students to explore the unique application of business skills and knowledge to management practices in customer-driven service industries.

This minor is primarily designed for students in Foods and Nutrition Department and any College of Business majors who may wish to develop adjunct skills that will complement their major course of study and prepare them to pursue careers in the hospitality industry. The Minor in Hospitality Management will prepare students to be successful, in any customer-oriented industry in which service is the intangible product.

The Hospitality Management Minor requires 29 units for completion.
