The University Police department is operational 24 hours a day. In the event of a police or medical emergency, dial 9-1-1 from any campus phone or Code Blue emergency phone located in parking lots. If using a cell phone, call the Police Dispatcher at (909) 869-3070. Cell phone 9-1-1 calls are routed to the California Highway Patrol, which may delay response time.

University Police & Parking and Transportation Services is located in Building 109 adjacent to the Parking Structure. Community Service Officers are available for escorts to your car or other campus locations. For an escort or for police non-emergency business call x3070. For parking or other related matters, call x3061.

### Serious Illness/Injury

1. Telephone University Police at 9-1-1. Be ready to provide as much information as possible regarding the illness/injury.
2. Do NOT move seriously injured or ill persons unless they are in a dangerous location.
3. Administer first-aid or CPR when required and only if you are properly trained.
4. Stay with the victim until help arrives. Keep the victim as calm and comfortable as possible.

### Fire-Explosion

1. Telephone University Police at 9-1-1. Give your name, location and type of fire or explosion.
2. Sound any available fire alarms.
3. Calmly evacuate the building using the stairwell (not elevator) and take personal belongings with you. Check in with your Building marshal at the designated evacuation area.
4. If you are disabled (in a wheelchair), go to the nearest stairwell and ask someone to notify emergency personnel of your location for evacuation.

### Earthquake

1. Remain calm. Move away from windows and under a desk or table until the shaking stops. Stay away from objects that can fall on you.
2. If you are outside, stay in the open and move away from buildings and/or power lines. If you are in a vehicle, stop as far from the flow of traffic as possible but not under a bridge, tree, sign or street light.
3. Building evacuation is NOT immediate. If necessary, evacuation will be conducted by emergency personnel at the direction of University Police. If directed to evacuate, use nearest exit and move to designated evacuation area. Do not use elevators.

### Crime in Progress

1. Telephone University Police at 9-1-1. Be ready to give your name, location and description of the problem.
2. Do NOT attempt to apprehend or confront the suspects.
3. Be a good witness. Make a note of the suspect’s appearance, details of the incident, weapons seen and vehicles involved. Remain calm.

### Hazardous Chemical

1. Telephone University Police at 9-1-1. Give your name, location and description of the situation. If possible, identify the chemical involved and advise of any injuries or if a fire has started.
2. If you are outside a building, evacuate the area by moving upwind of the spill or radiation incident.
3. If you are inside and the incident occurred outside, evacuate only when instructed to by emergency personnel. Close all windows and, if possible, turn off all ventilation equipment and fans.
4. Do NOT attempt to clean up a spill unless you are trained in such procedures.

### Bomb Threat

1. Immediately call University Police at 9-1-1. If directed to evacuate, make note of anything unusual and report it after you have safely left the building.
2. Remain calm. Write down exact words of caller. Note time of call, voice (male or female), age, accent or background sounds, location of bomb and times it will explode.
3. Ask the caller, if possible, what type of bomb, what it looks like, the reason for placing it and who is claiming responsibility.
The Mini-Emergency Operation Centers are part of the Campus Emergency Management Plan. In the event of a campus wide emergency, the Building Marshals will assist in the implementation of the plan. Building evacuations should be conducted at the direction of either Public Safety personnel or Building Marshals. For emergency procedures, refer to the emergency information page of contact Debbi McFall, Emergency Services Coordinator, on x6981.
