

Cal Poly Pomona
Individual Career Development Plan (ICDP)
Guidelines and Instructions

The following guidelines are issued to assist supervisors and employees in completion of the attached Individual Career Development Plan (ICDP). Completed plans should be returned to the Fee Waiver Coordinator, Human Resources & Payroll Services – Customer Service, CLA Building 98, Room B1-20.

- A. Participation is a voluntary activity.
- B. The objectives of the ICDP should be stated in terms of both individual and organizational need.
- C. The means of reaching objectives should be specific and measurable.
- D. The supervisor should give direction to the employee's short and long-range plans by linking job requirements and performances to both current and future assignments within the campus. After preliminary discussion of the ICDP, the supervisor and employee may wish to consult other responsible persons on campus for guidance in developing an employee's long-range career plans.
- E. For formal course work approved under this program, fees can be waived only for employees who meet normal University admission requirements and are enrolled in accordance with normal admission procedure. Permission to take a course during work hours remains at the discretion of the manager for each academic term.
- F. If ICDP is approved and includes academic course work, obtain an Employee Fee Waiver Application. Completion of the Employee Fee Waiver Application is required for each quarter/semester in which classes are to be taken.
