Sound Student Pre- or Posttest

1. You're sitting on a dock at the lake. You hear your mom call you for dinner. Your mom is far away. Explain how you can hear the sound of her voice. Use pictures and words.

Here are some words you can use:

- air
- ear
- eardrum
- loud
- quiet
- vibrate
- big
- small
- brain
- message

Courtesy of BSCS

You don't have to use all of these words. You may use other words, too.

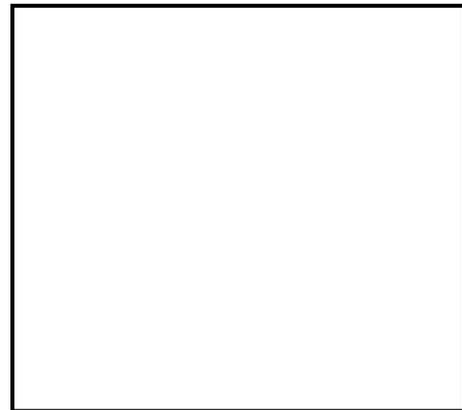

2. This soundmaker makes a **loud** sound.

This soundmaker makes a **quiet** sound.

Loud Sound

Quiet Sound

Draw pictures **under** the soundmakers to show how the sounds are different. Then use words to explain your pictures in the space below.

3. You're sitting in your house when a storm comes. You hear very loud thunder. You also hear your windows rattle. Why do you hear your windows rattle? Use pictures and words to explain your answer.
