

California State Polytechnic University, Pomona
Computer Science Department
Employer Feedback

In this survey, we refer **MSCS** to the Master of Science program in Computer Science. The information in the survey is needed for the assessment of our MSCS program. Please fill out this two-page survey. Thank you for your input.

Your Name _____ Date _____

Title _____

Company name _____

Company address _____

Email _____

1. If possible, please provide us statistical data (estimation is OK).

How many Cal Poly Pomona graduates work in your company? _____

Among them, how many hold a MSCS degree? _____

What is the total number of employees in your company? _____

2. How well do you think the education in MSCS program at Cal Poly Pomona prepared its students for his/her professional career?

___ Excellent ___ Very Good ___ Good ___ Fair ___ Poor

3. Please comment on any particular strengths or weaknesses you can see in our program in light of your experience with our MSCS graduates.

4. Our MSCS has a number of goals for students enrolled/graduated in its program. Please provide your rating of Cal Poly Pomona MSCS graduates in terms of how they demonstrate the following learning outcomes. Please circle the appropriate value.

(5=excellent, 4=very good, 3=good, 2=fair, 1=poor, N/A=not applicable, not assessed):

Student Learning Outcome	Evaluation					
	5	4	3	2	1	N/A
Demonstrate advanced knowledge in algorithm design and analysis	5	4	3	2	1	N/A
Demonstrate advanced knowledge in computer architecture	5	4	3	2	1	N/A
Demonstrate advanced knowledge in software systems	5	4	3	2	1	N/A
Demonstrate focused knowledge in areas of specialization in computer science	5	4	3	2	1	N/A
Demonstrate ability to analyze and use existing CS literature	5	4	3	2	1	N/A
Demonstrate ability to identify, formulate and solve problems within the discipline	5	4	3	2	1	N/A
Demonstrate effective written communication skills	5	4	3	2	1	N/A
Demonstrate effective oral communication skills	5	4	3	2	1	N/A

5. Do you agree that the above defined program outcomes are reasonable? Why or why not?

6. Your suggestions for how the department can better serve its graduate students:
