TITLE OF REFERRAL: MAT 1910: Survey of Mathematics (B4)

BACKGROUND: The Mathematics and Statistics department proposes to modify an existing GE course's description. With semester conversion and EO 1110, the prerequisites required updating to reflect current practice. Remedial math no longer exists. So MAT 1910 is now an entry-level course which can be taken by any incoming freshman. Students in Category III or IV are required to take the activity class. Other students have no prerequisites. This proposal would update the course language to reflect these changes.

RESOURCES CONSULTED: N/A

DISCUSSION: This class successfully meets the requirements of an Area B4 course. No revisions on the ECO were requested.

RECOMMENDATION: The GE Committee unanimously recommends approval of MAT 1910 – Survey of Mathematics (GE Area B4).
