

## student life

**Intercollegiate Athletics** includes 11 teams and is part of the **NCAA Division II** and the California Collegiate Athletic Association. The Broncos have captured **14 national team titles**, more than any other current D-II institution in California.

The **Career Center** hosts seven job fairs on campus with more than 1,150 organizations and employers. In 2018-19, the university hosted more employers than any other CSU.

The **Office of Student Life and Cultural Centers** empowers students through engagement, leadership development and diversity. OSLLC supports student engagement through involvement with Greek Life, leadership programs, six cultural centers, and clubs and organizations.

**Associated Students Inc.** enhances students' college experiences through events, concerts, employment, leadership and other opportunities. ASI operates the Bronco Student Center, Bronco Recreation & Intramural Complex and the Children's Center. The nonprofit is primarily led, funded and staffed by students, embracing the motto "Students Serving Students."

The Cal Poly Universities' **Rose Float** is a joint entry of Cal Poly Pomona and Cal Poly San Luis Obispo. Since 1949, student volunteers have designed, constructed and decorated floats for the world-renowned Rose Parade on New Year's Day. The program has won 59 awards for creativity, beauty and innovation. A new donor-funded lab providing 14,000 square feet of workspace is expected to open in 2020.

**pocket facts**  
**Cal Poly Pomona**

2019-20

## about us

**Cal Poly Pomona** is one of the best public universities in the West and is among the leaders for helping students achieve economic success. As an **inclusive polytechnic university**, we cultivate success through experiential learning, discovery and innovation. Our graduates are ready to succeed in the professional world on Day One.

Faculty put theory to practice, providing students with opportunities to **apply knowledge** in hands-on projects, research collaborations, and valuable internship and service-learning programs.

Our history and geography are unlike any other university's in Southern California. Nowhere else can students ride an Arabian horse, practice on a Steinway piano, bring a new product to market and build a liquid-fueled rocket.

The university opened in the fall of 1938 as the Voorhis Unit of California State Polytechnic College. After cereal magnate **W.K. Kellogg** deeded land to California, the new campus opened in 1956. The Pomona campus formally separated from the San Luis Obispo campus in 1966 and was granted university status in 1972.

### Equity, Inclusion & Compliance

Cal Poly Pomona is committed to creating and sustaining a positive learning and working environment free of discrimination and harassment, including sexual misconduct, dating violence, domestic violence and stalking. [www.cpp.edu/officeofequity](http://www.cpp.edu/officeofequity)

## academic programs

The **Don B. Huntley College of Agriculture** offers eight majors that range from traditional disciplines such as agribusiness and animal science to the contemporary topics of urban agriculture, global apparel production and food science.

Ranked No. 35 by Money Magazine for best value, the **College of Business Administration** delivers experiential, innovative and global business education that prepares graduates who are ready to make a difference on Day One. With eight undergraduate options and three graduate degrees, the college is advancing management education excellence and building future generations of business leaders.

The **College of Environmental Design** leads to careers in architecture, art history, landscape architecture, regenerative studies, urban and regional planning, and visual communication design. It applies a learn-by-doing philosophy to the shaping of built and natural environments, and the communication of ideas through visual media, including websites, apps and games.

The **College of Education and Integrative Studies** includes liberal studies, interdisciplinary general education, ethnic and women's studies, early childhood studies and credential programs for teachers and school leaders. The college also offers master's programs in education and a doctorate in educational leadership.

Consistently ranked one of the top two state-supported engineering programs in the country among institutions where a doctorate is not offered, the **College of Engineering** has 11 ABET-accredited undergraduate programs and seven graduate programs. The college produces workforce-ready engineers by linking theory with practice, and it boasts one of the largest undergraduate enrollments in California.

The **College of Letters, Arts, and Social Sciences** awards degrees in the arts, humanities and social sciences within an inclusive polytechnic environment. The college cultivates students' intellectual development, ethical reasoning and aesthetic sensibility to support creative and critical thinking in a diverse world of competing challenges.

The **College of Science** strives to foster curiosity and a culture of scientific discovery. Offering 15 undergraduate and six graduate programs in the natural, mathematical and applied sciences, the college educates, mentors and inspires students through scientific inquiry and hands-on learning.

One of the nation's premier hospitality colleges, **The Collins College of Hospitality Management** provides an industry-driven approach to education that prepares students for careers in hotel, resort, restaurant, private club and event management. This ACPHA-accredited college is recognized by CEOWorld Magazine and Diverse Issues in Higher Education for its excellence in shaping future hospitality leaders.

The **College of the Extended University** gives individuals and organizations access to the university's unique resources in master's degree programs, career development and customized training programs. International students, professionals and visiting scholars are also supported through CEU's English Language Institute, Global Education Institute and the International Center.

## campus highlights

The **W.K. Kellogg Arabian Horse Center** is home to more than 100 horses with most tracing their lineage to the herd started by W.K. Kellogg in 1925. Open to the public on weekdays, the center offers public horse shows.

The **W. Keith and Janet Kellogg University Art Gallery** and the **Don B. Huntley Gallery** showcase exhibitions featuring national and international artists, artwork from the permanent collections, and student and faculty shows.

The **Lyle Center for Regenerative Studies** is focused on advancing sustainability through interdisciplinary approaches to education, research and community outreach. In addition to visitors from all over the world, the 16-acre facility attracts students and faculty from agriculture, architecture, biology, engineering, geography, landscape architecture, and urban and regional planning.

Students from all disciplines can bring their ideas for new products or services into reality at one of the **Student Innovation Idea Labs**. The iLabs offer specialized programming about design, fabrication, innovation and entrepreneurship in three spaces: the Idea Lab, the Maker Studio in the University Library, and Innovation Orchard, which is a partnership with Pomona Unified at Ganesha High School.

The **Farm Store** sells campus-grown produce and California agricultural products, as well as nursery plants, snacks and gift items. Open daily from 10 a.m. to 6 p.m., the store is part of the **AGRIscapes Education and Outreach Center**.

**Rain Bird BioTrek** and **Project Blue** are dedicated to providing memorable educational experiences about our natural ecosystems, their value and behaviors that support their sustainability. These unique facilities feature gardens and learning centers that include ethnobotany, rainforest, riparian habitat and a garden that represents a Mesozoic ecosystem.

The **University Library** is the intellectual heart of the campus, with year-round events and print and digital collections. It provides learning spaces, computer facilities and abundant study and meeting areas. It also houses the **W.K. Kellogg Arabian Horse Library**, one of the world's largest public collections of Arabian horse materials.

The **Restaurant at Kellogg Ranch** is an award-winning, upscale-dining restaurant managed and operated by students in The Collins College of Hospitality Management. The RKR exemplifies the collaborative learning experience and serves as a prestigious training ground for some of the world's premier hospitality professionals.

**Kellogg West Conference Center & Hotel** provides dynamic meeting spaces for groups up to 300. The facility features a 250-seat auditorium and 16 conference rooms. There are 85 guest rooms and suites. The restaurant is available for catering and events.

**Innovation Brew Works** serves as a learn-by-doing laboratory for students while offering pizza, sandwiches and beers on tap in the café.
