Course Impact of computers on individuals and on society.
Description Various current uses of computers, how these have evolved, and what the future might bring.
Benefits and dangers of information technology.
How the Internet and computers have fundamentally changed the way we work, play, and interact with others.
Consequent rise of new social and legal issues, making it essential for everyone to acquire a working understanding of the role of computers in our daily lives.
Prerequisites: Completion of courses in GE areas B1-B4 and D1-D3.

Email & Intranet Group  All students should have a Cal Poly Pomona intranet account.
You should already have received your username and password from the University. By having an Intranet account, you will automatically become part of intranet group cs37501. This allows for emailing to the entire group. I expect you to check your email regularly. Another benefit of being a member of the cs37501 group is that you can determine the email address of every other student in the class. Thus, if you miss a class, you should have no trouble contacting another student to learn what happened.

If you send email to me, be sure to include your name, the course number and the section number.
Grading

Essay Assignments ................................................................. 25%
Exam (7/12) .............................................................................. 25%
Term Paper Proposal (Due: 6/30) ........................................... 5%
Term Paper (Due: 7/21) .......................................................... 25%
Participation (Peer Presentation Evaluation, Discussion) ........... 5%
Presentation ............................................................................ 15%

A: 90-100%, B: 80-89%, C: 70-79%, D: 60-69%, F: 59% and below
+ and – grades will be assigned within the same grade,
e.g. B+ for upper 80’s, B for mid 80’s, and B- for lower 80’s.

Essay Assignment Policy

Essay Assignments must have a cover page that includes your name,
your student ID number, total number of pages including the cover page,
and essay assignment number. Put your name on the upper right hand
corner on each page except the cover page and staple them together.

Essay assignments are due at the beginning of class –
place them on the instructor's desk when you arrive.
No late Essay Assignment.

It is the student’s responsibility to pick up his/her assignments/exam,
if not claimed on the return day.

Team Term Paper

3 students per team. Each team is required to write a term paper.
Each team is also required to give an in-class presentation at the end of the
quarter (Class # 8, 9 or 10). Term paper info is available on the class web
page.

Academic Integrity

I encourage discussion among students, but I expect each student to hand
in original work. You are responsible for doing your own work and for
insuring that your work is protected from copying. The University’s
policy on Academic Integrity, as stated in the catalog, will be enforced.

Exam Policy

No questions will be answered during exams. This policy avoids
distracting others, obstructing vigilance, and giving unfair advantage.
If a question contains an ambiguity or a misprint, then say so in your
answer, providing the answer to a reasonable interpretation of the
question; give your assumptions. Before the exams, I will discuss - in
class - what will be covered on the exams. I will answer questions about
exam coverage only during a class session. There will be no make-ups or
rescheduling of exams.

Absence

Note that regular attendance is recommended. In the event of an
absence, it is the student's responsibility to learn of any material missed.
Lectures and demonstrations will not be repeated during office hours.
