Seeing test details in Blackboard

1. Open Blackboard and go to My Grades. Select the test you are interested in.

   ![My Grades Screen](image1)

   ![View Attempts Screen](image2)

2. You will see a list of attempts (ordinarily only one or two). Pick the highest one and click on the score (not really obvious, huh?)
3. *After the testing period is over*, you will see each question, all the answers, your answer, and the correct answer.
