1. **Order of Registration:** The Academic Senate recommends the following order of registration:

   a. Students in the Priority Registration Categories as defined in Section 2.2 below.
   b. Order of registration for rest of the students as defined in AS-2596-167-AA.

2. **Priority Registration Policy**
For the purposes of this report, “Priority Registration” is defined as the two-day time period that precedes “Initial Registration” each term as identified in AS-2596-167-AA.

   2.1. Access to Priority Registration is not automatic for any student. Priority Registration is valid only for one academic term at a time, not for the entire academic year.

   2.2. All priority registration requests must also meet all three of the following criteria:

       2.2.1 Each student meets their respective category description in the table below, AND
       2.2.2 needs priority registration to participate in the activity for the academic term specified, AND
       2.2.3 will not be receiving priority registration as a reward or as a substitute for pay.

Application for priority registration may be requested by the Director/ Chair/ Responsible Person (such as the Director of Athletics, President of ASI, and etc.) for serious and compelling reasons via the Request for Priority Registration form, which must be accompanied by specific documentation/ justification for each student requesting priority registration. All students within a group must be individually listed. The Director/ Chair/ Responsible Person shall justify criteria 2.2.1-2.2.3. Providing a sample class or activity schedule is not sufficient, it shall be accompanied by relevant justification.
Meeting with individual faculty, or holding office hours, is not considered a high priority justification, as both are potentially flexible.

Justifications must include a clear explanation of why explicit time slots are necessary for the activity, such as use of lab space or equipment not available at alternate times. This must be reflected in the schedules submitted.

Priority registration group will be categorized as follows:
