## American Cultural Perspectives Requirement

Refer to catalog for list of courses that satisfy this requirement.
Course may also satisfy major, minor, GE, or unrestricted elective requirements.

| The following required support courses should be taken to satisfy the <br> indicated GE Requirements to achieve the minimum units to degree listed <br> at the top of this sheet. |  |
| :--- | :---: |
| Course | PHY 121/121L |
| College Physics | B1,B3 |
| and General Chemistry Lab | MAT 121 | B3 | B4 |
| :--- |
| Technical Calculus |

The remaining GE requirements may be satisfied by any course approved for that area.

No more than 105 community college quarter units or 36 extension credit quarter units may be applied toward a Bachelor's degree. A minimum 2.0 cumulative GPA is required in core (including option) courses, Cal Poly Pomona courses, and overall work completed in order to receive a degree in this major.

1. May include College Trigonometry (MAT 106 at CPP) if taken before Calculus
2. Lab course used to satisfy GE Area B3.
3. CAD elective (Fall Freshman year) typically MFE126/L
4. An alternative GE pattern from that listed here, the Interdisplinary Education Program (IGE), for partial fuffilment of GE Areas A, C and D is available for students in this majo

Although the IGE program tends to fit best for freshmen entering Cal Poly Pomona it is available to all students, see the University catalog or your advisoor for more information.
This flowchart shows the suggested order of courses to complete the degree Bachelor of Science in Electronics and Computer Engineering Technology in 4 years: 12 quarters not including summer quarters.
The flowchart is not a schedule however and when specific courses are offered (i.e. what quarter in a given year) depends on many factors including enrollment, faculty availability, on-going curricular changes and budgetary constraints.
Many courses (i.e ETT210 and GE) are generally taught every quarter or twice a year and can be taken whenever a student has completed the prerequiste coursework.
Most major courses (i.e ETE_XXX) are taught once a year
If you have concerns about when a course is to be offered next or any other course related questions you should contact your department advisor or the ET office (909-869-2492 or etdept@csupomona.edu).
