						Total Units for Year	41

Total Units on Plan	180
Major Core Units	57
Major Career Track Units	48
General Education Units	68
Unrestricted Elective	7

Advising Notes:

1. This sheet is to be used in conjunction with the other sheets in the ABM advising folder on blackboard.csupomona.edu and/or in the ABM advising packet.
2. This shows how an ABM student would schedule all of their requirements to complete their degree in 4 years. This plan is for a freshman entering as an ABM student who does not change majors. If a student is a transfer or change of major they should see their ABM advisor to determine how this needs to be adjusted.
3. You must pay attention to completing the 100 and 200 level GE, ABM support and ABM core courses during your freshman and sophomore years. Do not put those off.
4. If you are taking remedial math take STA 120 the following quarter (or they will make you retake remedial math).
