

Human Nutrition and Food Science Department
Foods and Nutrition Major: Dietetic Option
Curriculum Year: 2014-2015

Your department has developed this road plan, taking into account prerequisites and schedule restrictions. You should pay attention to these concerns when deviating from this plan, however there are many variations that still lead to graduation in four years. Please see the FN courses offered each quarter in Blackboard. Sometimes it is necessary to offer a class on a different quarter.
