

## Tableau Right Hand Side Navigation Guide

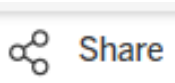

### Original View

Allows users to setup filters and save under “Original View” for future use. Works like “favorites” or “bookmarks”.

## Share

Allows users to share visuals with others. Recipients need to have same access as the sender in order to see the shared information.

Share

Embed Code

```
<script type='text/javascript' src='https
```

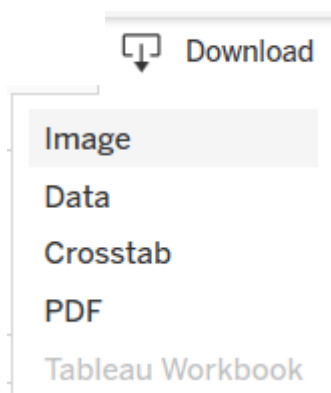

Link

```
https://analytics.cpp.edu/t/production/
```

Email Link

## **Download**

Allows users to download visuals in various formats such as image, in notepad, Excel (crosstab), or PDF. Download options may vary depending on view.

## **Full Screen**

Maximizes a view to full screen.
