## General Education Program

The Cal Poly Pomona (CPP) General Education (GE) requirements have been designed to complement the major program and electives completed by each baccalaureate candidate to ensure that graduates have made noteworthy progress toward becoming broadly educated persons who will function as intelligent, active, and creative members of their community.

The CPP GE program purposefully introduces students to a wide variety of disciplines and teaching modes that may be taught in all modalities. The CPP GE program mission is designed to help students to succeed in their chosen field, adapt to a changing workplace, be engaged citizens in their communities, and become lifelong learners. It provides essential skills and knowledge through a framework that enhances students' understanding of basic disciplines and encourages an appreciation of the complexity of all knowledge.

GE courses provide students with a broad intellectual foundation to enhance their potential for success. GE courses shall reflect the wide array of disciplines available, and departments are encouraged to submit courses for GE areas. In recognition of the complexity of knowledge, these areas are defined with open and inclusive terms to encourage submission of courses that enrich the student learning experience. Departments are required to offer these courses at least once every five years, otherwise they will lose their GE designation.

As directed by EO 1100, the GE Assessment Committee develops a set of broad learning outcomes (SLOs) for the GE Program as a whole "to fit within the framework of the four Essential Learning Outcomes drawn from the Liberal Education and America's Promise (LEAP) campaign. As a result, there is not a one-to-one mapping from the outcomes to the GE Areas. Every course must address all of the SLOs assigned to the GE Area for which it is approved. However, approved courses need not cover every element of those SLOs. The GE Assessment Committee also develops an assessment plan as recommended by EO 1100 article 6.2.5 and a periodic program review of the GE program shall be undertaken in a manner comparable to major programs. The GE Committee in collaboration with the GE Assessment Committee shall have the responsibility.

# How to Find Your Advisor in Fall 2021

In the Huntley College of Ag, you can visit the Student Success Advising Center to see a staff advisor in the fall.

Most departments will also assign you a faculty advisor beginning your freshmen year while others will wait until your junior year. You can find out who your staff advisor is by contacting the Student Success Advising Center

[www.cpp.edu/studentsuccess](http://www.cpp.edu/studentsuccess) lists all advising locations

# Before you leave us today:

Register for 12-15 units.

Review your CPP Connect Planner and ask questions.

Know how to find your advisor or the college advising center.

# 2-Step Authentication (DUO) Reminder

- Signing up for 2-step authentication to protect your Bronco account is a university-wide requirement
- Incoming transfer students must sign up by **August 9** – don't get locked out of your Bronco account (MyCPP, BroncoDirect, Canvas, etc.)!
- Find more information and how-tos at [www.cpp.edu/duo](http://www.cpp.edu/duo)
