Learn by doing at a diverse and inclusive polytechnic university.
We cultivate success through experiential learning, discovery, and innovation.

LEARN BY DOING

Get the practical knowledge you need

TO SUCCEED

It's not all about books and studying. Our students get their hands dirty and dig in to learn about the subjects they love!

Student Support When you need it

***First-Year Experience Class:**

Students learn about their major/career, how to be successful in college, and about the university and its resources.

***Student Success Center:**

Staff and Student Peer Advisors are available to help students navigate their academic career!

***Small Class Sizes in Your Major: Student/Faculty Ratio**

24:1
