#### ASSESSMENT ACTIVITIES IN 2021-2022

This section provides the opportunity for programs to share and discuss assessment activities conducted in **AY 2021-2022**. This includes data collection, rubric development, data analysis, discussion of findings, development or implementation of closing the loop improvement strategies, update of your assessment plan and/or curriculum matrix, etc.

How many total SLOs does your program assess according to your assessment plan?

- 8

**How many SLOs did your program assess this past year in 2021-2022?**

- My program engaged in other assessment activity not specific to any SLO (e.g., modified curriculum matrix or assessment plan, etc.)

**Please share the assessment activities the program engaged in that were not specific to any SLOs.**

1. The program underwent WASC accreditation as an online degree. 2. The program assessed the current program structure which is a collaboration between Cal Poly Pomona and UCLA Extension. As such, the program has been running in the quarter term calendar. Assessment of the program logistics resulted in the decision to transition the MIA to the semester schedule starting in Fall 2023. Assessment of current electives offered by UCLA are being assessed and we are putting together extended course outlines for these to be new courses ran through Cal Poly Pomona.

## **IMPROVING THROUGH ASSESSMENT**

**The past academic year posed both challenges and opportunities. Please share any assessment discoveries (e.g., insights about assessment procedures, great achievements, etc.) regarding program assessment in 2021-2022 so that others may learn from your experiences.**

Seeing the opportunities of online learning creating wider access to a wider audience, the Master of Interior Architecture transitioned to becoming officially an online degree starting Fall 2021. The program is successfully attracting new students. There are however drawbacks in that online program does not qualify for student visas. Also, there are limitations as to what states online programs can operate with some states having expensive fees. Other challenges are ensuring that all classes are efficiently and extensively using Canvas as way to run courses. Online programs require a much tighter online structure as students expect more given they are giving up the face-to-face instruction. Other challenges are offering internship courses given that online degrees would not give all students the same access to internship opportunities. We have had to give up the internship course for now until we figure out how to make it accessible opportunity for all.

**CPP's GI2025 goals What assessment-related efforts do you already implement, or would implement to support the campus' diversity, equity, and inclusion (DEI) efforts? (e.g., planned or current disaggregation of assessment data by race/ethnicity, etc.) Undergraduate programs may wish to refer to CPP's GI2025 goals. (Not Mandatory)**

Current disaggregation of assessment data by race/ethnicity and gender.

**Does the program offer a certificate or credential (e.g., teaching credential)?**

- No
