ASSESSMENT ACTIVITIES IN 2023-2024

This section provides the opportunity for programs to share and discuss assessment activities conducted in **AY 2023-2024.** This includes data collection, rubric development, data analysis, discussion of findings, development or implementation of closing the loop improvement strategies, update of your assessment plan and/or curriculum matrix, etc.

How many total SLOs does your program assess according to your assessment plan?
- 5

How many SLOs did your program assess this past year in 2023-2024?

- My program did **not** engage in any assessment activity in AY 2023-2024.

Please share the challenges that prevented the program from engaging in assessment or examining any student learning outcomes in AY 2023-2024.

we spent all our effort to revise undergraduate curriculum redesign especially around options in AY 2023-2024 and we are putting the proposed change to the curriculog this AY 2024-2025. Once that part is done in fall 24, we should be able to start conversation about our master program in spring 25.

Did you create/modify/discuss assessment broad procedures unrelated to specific SLOs (e.g., revamping all SLOs, update curriculum matrix or assessment plan, mechanism to collect student work, rubric, survey, etc.)?

No

IMPROVING THROUGH ASSESSMENT

The past academic year posed both challenges and opportunities. Please share any assessment discoveries (e.g., insights about assessment procedures, great achievements, etc.) regarding program assessment in 2023-2024 so that others may learn from your experiences.

I am new to this graduate coordinator role since fall 24 (I served as interim in 22-23 while the person in charge was in sabbatical leave and at that time, the dept chair took care of the program assessment I think) and this assessment review reminds me of the upcoming accreditation review in starting in 2027-that we should start thinking about and planning on it soon.

Please share how the program triangulates various data sources to determine student success. Consider assessment findings, CPP's GI2025 markers, CSU Dashboard, CPP's Student Success Dashboard on Tableau, CPP's Graduating Senior Survey on Tableau, course evaluations, etc.

not really used those yet.

Does the program offer a certificate or credential (e.g., teaching credential)?

* No
