ASSESSMENT ACTIVITIES IN 2023-2024

This section provides the opportunity for programs to share and discuss assessment activities conducted in **AY 2023-2024**. This includes data collection, rubric development, data analysis, discussion of findings, development or implementation of closing the loop improvement strategies, update of your assessment plan and/or curriculum matrix, etc.

How many total SLOs does your program assess according to your assessment plan?

- 10

How many SLOs did your program assess this past year in 2023-2024?

- My program did **not** engage in any assessment activity in AY 2023-2024.

For "My program did not engage in any assessment activity"

Please share the challenges that prevented the program from engaging in assessment or examining any student learning outcomes in AY 2023-2024.

Last year the department was focused on our five year program review and our department chair at the time (Alex Small) asked for a pause on the routine assessment work so we can have time to work on program review. As a result, we didn't have an Assessment committee.

Did you create/modify/discuss assessment broad procedures unrelated to specific SLOs (e.g., revamping all SLOs, update curriculum matrix or assessment plan, mechanism to collect student work, rubric, survey, etc.)?

No
