8. What happens if I miss the Open Enrollment period or if I fail to enroll during my first 60 days of employment as a new hire?
If you have not previously been enrolled in health coverage through CSU and have not provided proof of other coverage, HIPAA offers two provisions—Special Enrollment and Late Enrollment—for employees and their eligible family members to enroll in a CalPERS health plan outside of the initial enrollment period and the Open Enrollment period.

Special enrollment must be requested within 60 calendar days of one of the following qualifying events:
- Loss of other non-CalPERS coverage
- Marriage/registered domestic partnership
- Birth/adoption
- Court-ordered coverage
- Divorce/termination of registered domestic partnership

Late enrollment allows an employee to request enrollment if they declined or canceled enrollment for themselves or their eligible dependents and the special enrollment exceptions do not apply. Late enrollment is applied as follows:
- A 90-day waiting period is required.
- The effective date of enrollment will be the first of the month following the 90-day waiting period after required documentation has been provided to the campus benefits office.

Employees on leave of absence during Open Enrollment may change plans and add/delete dependents. Employees who do not change plans and add/delete dependents during the Open Enrollment period may do so within 60 days of the date they return to regular pay status.
