- Scarves
- Purses

WHO WE ARE

The clothes closet is a place where students can come in and create professional interview looks as well as casual work day attire. With the help of the interns/stylist, students will feel confident in what they pick from the closet. Thanks to the donations we receive, we are able to help students who can’t or don’t have time to purchase professional attire.
WHY WE NEED DONATIONS?

The Career Center Clothes Closet provides students with professional clothing for interviews, career fairs, conferences, networking events and the first week of work. We accept professional attire in order to maintain stock in the Clothes Closet so we can continue to provide this wonderful service year around.

We ask that professional clothing donations be in ready to wear conditions with no stains, odors, tears, or missing buttons. All business attire is welcome but we are especially in need of men clothing items and accessories.

FINANCIAL DONATIONS:

Financial Donations are also welcome and are used to:

- Support Apparel, Merchandising & Management Department students as a hands on “lab” for them to work on inventory, design, set-up, management and marketing;
- Help maintain an inventory system to tag and keep track of clothing items; Increase the layout and design of the current Clothes Closet boutique to maintain the growing number of students utilizing the service.

“Style is a way to say who you are without having to speak
