

Curriculum Activity Lesson Plan

Curricular Area: Science

Title Of Activity: Figuring out Fact and Fiction

Age Appropriateness: Early School Age

Goals:

- Social- (Group Interaction)
- Physical- (Fine Motor Skills)
- Intellectual- (Sciencing, Critical Thinking)
- Creative- (Creative)
- Emotional- (Pleasurable)

Objective(s):

Students will be encouraged to think about, draw pictures and write or dictate a statement about fact and fiction about the world around them.

Assessment:

The children used critical thinking to separate fact from fiction. They worked in groups and were able to communicate to others about their knowledge of the real world and what they learned in fairy tale books to be fiction. Children used creativity when drawing their pictures and seemed to enjoy the activity.
