RECONSTRUCTING  
THANKSGIVING

NOVEMBER 10, 2022  
BSC, URSA MAJOR [BLDG 35-2611A]  
5:00 - 8:00 PM

The popular notion of "Thanksgiving" has long been thought of as a celebration of peace and friendship between Native Americans and the Pilgrims. This is a false construction created through colonization and propagated by capitalism and institutional racism. Join us for an evening in which we will deconstruct the westernized Thanksgiving.
