Interdisciplinary General Education 18 Units

An alternate pattern for partial fulfillment of GE Areas A, C, and D available for students is the Interdisciplinary General Education (IGE) program. Students should see an advisor for specific GE coursework required by their major. Please refer to the University Catalog General Education Program section for additional information.

How IGE fulfills General Education Requirements:		
Year	Completion of IGE Courses	Satisfies GE Requirements
First	IGE 1100, IGE 1200	A2 and C2
Second/Third	IGE 2150, IGE 2250	D1 and C2
	IGE 2350	C1
	IGE 3100	C3 or D4

American Institutions 6 Units

Courses that satisfy this requirement may also satisfy GE Area D1 and D2.

Graduation Writing Test

All persons who receive undergraduate degrees from Cal Poly Pomona must pass the Graduation Writing Test (GWT). The test must be taken by the semester following completion of 60 units for undergraduates.

General Education Program

The Cal Poly Pomona (CPP) General Education (GE) requirements have been designed to complement the major program and electives completed by each baccalaureate candidate to ensure that graduates have made noteworthy progress toward becoming broadly educated persons who will function as intelligent, active, and creative members of their community.

The CPP GE program purposefully introduces students to a wide variety of disciplines and teaching modes that may be taught in all modalities. The CPP GE program mission is designed to help students to succeed in their chosen field, adapt to a changing workplace, be engaged citizens in their communities, and become lifelong learners. It provides essential skills and knowledge through a framework that enhances students' understanding of basic disciplines and encourages an appreciation of the complexity of all knowledge.

GE courses provide students with a broad intellectual foundation to enhance their potential for success. GE courses shall reflect the wide array of disciplines available, and departments are encouraged to submit courses for multiple GE areas. In recognition of the complexity of knowledge, these areas are defined with open and inclusive terms to encourage submission of courses that enrich the student learning experience. Departments are required to offer these courses at least once every five years, otherwise they will lose their GE designation.

As directed by EO 1100, the GE Assessment Committee develops a set of broad learning outcomes (SLOs) for the GE Program as a whole "to fit within the framework of the four Essential Learning Outcomes drawn from the Liberal Education and America's Promise (LEAP) campaign. As a result, there is not a one-to-one mapping from the outcomes to the GE Areas. Every course must address all of the SLOs assigned to the GE Area for which it is approved. However, approved courses need not cover every element of those SLOs. The GE Assessment Committee also develops an assessment plan as recommended by EO 1100 article 6.2.5 and a periodic program review of the GE program shall be undertaken in a manner comparable to major programs. The GE Committee in collaboration with the GE Assessment Committee shall have the responsibility.
