The screenshot displays the 'My Planner' interface for 'Early Childhood Studies UG'. The left sidebar contains icons for a calendar, a heart, and a magnifying glass. The main content area is titled 'My Planner' and includes a sub-header 'Early Childhood Studies UG'. Below this, there is a prompt: 'Drag or add courses through the course menu to plan them on your terms. See your advisor if you have questions'. The 'Program Template Courses' section lists several courses, each with a 'Planned' status and a 'View Details' link. The right sidebar, titled 'My Academic Plan', features a toggle for 'Show Completed Terms' (currently off) and a '+Add a new term' button. Below this, the 'Current and Upcoming Terms' section shows 'Fall Semester 2020' with a 'Term Status: In Progress'. A list of enrolled courses follows, each with a 'View Details' link. At the bottom, a 'View / Edit Schedule' button is visible, and the total credits for the term are listed as '12 Credits'.

## General Education Program

The Cal Poly Pomona (CPP) General Education (GE) requirements have been designed to complement the major program and electives completed by each baccalaureate candidate to ensure that graduates have made noteworthy progress toward becoming broadly educated persons who will function as intelligent, active, and creative members of their community.

The CPP GE program purposefully introduces students to a wide variety of disciplines and teaching modes that may be taught in all modalities. The CPP GE program mission is designed to help students to succeed in their chosen field, adapt to a changing workplace, be engaged citizens in their communities, and become lifelong learners. It provides essential skills and knowledge through a framework that enhances students' understanding of basic disciplines and encourages an appreciation of the complexity of all knowledge.

GE courses provide students with a broad intellectual foundation to enhance their potential for success. GE courses shall reflect the wide array of disciplines available, and departments are encouraged to submit courses for GE areas. In recognition of the complexity of knowledge, these areas are defined with open and inclusive terms to encourage the selection of courses that enrich the student learning experience. Departments are required to offer these courses at least once every five years, otherwise they will lose their GE designation.

As directed by EO 1100, the GE Assessment Committee develops a set of broad learning outcomes (SLOs) for the GE Program as a whole "to fit within the framework of the four Essential Learning Outcomes drawn from the Liberal Education and America's Promise (LEAP) campaign. As a result, there is not a one-to-one mapping from the outcomes to the GE Areas. Every course must address all of the SLOs assigned to the GE Area for which it is approved. However, approved courses need not cover every element of those SLOs. The GE Assessment Committee also develops an assessment plan as recommended by EO 1100 article 6.2.5 and a periodic program review of the GE program shall be undertaken in a manner comparable to major programs. The GE Committee in collaboration with the GE Assessment Committee shall have the responsibility.
