Being online...

How do you think you have to prepare differently now that we will be doing online distance learning?

Go to virtual office hours...

Every faculty member will have dedicated office hours each week where they are available. They are listed on the department webpage. If you are falling behind in a class, office hours can be essential.

Check your CPP email regularly

You should check your CPP email *at least twice a week* but *probably once a day*.

You can download the Microsoft Outlook app on PC, Macs, but also both iOS and Android mobile phones.

Check Blackboard regularly

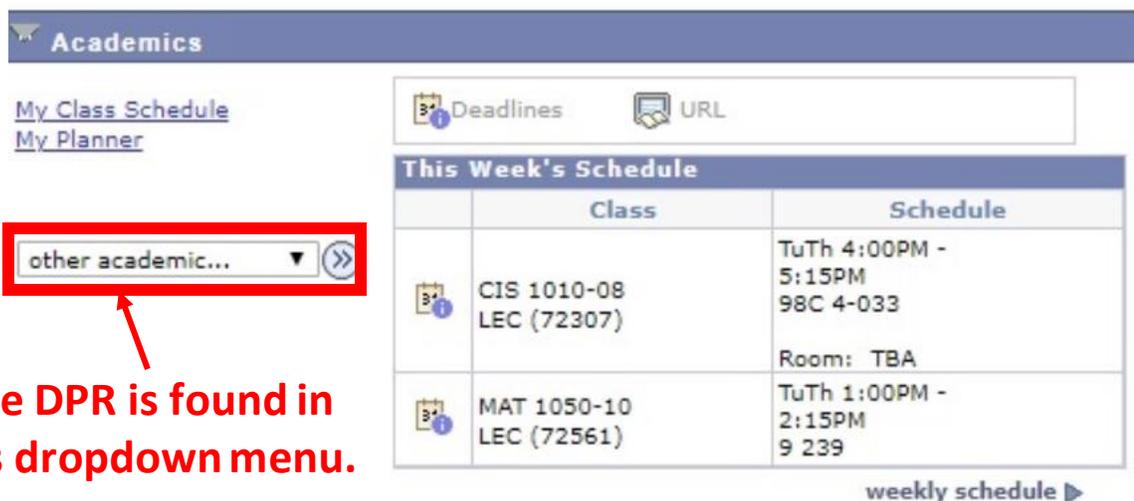

Blackboard

During fall semester, all classes will be held on Blackboard.

Some classes will just begin on Blackboard on Thursday, August 20 without an official email or announcement. Get into the habit of checking Blackboard regularly.

The screenshot shows the 'Academics' section of the Advisee Student Center. A dropdown menu is highlighted with a red box and contains the text 'other academic...'. Below the dropdown is a red arrow pointing to it with the text 'The DPR is found in this dropdown menu.' The main content area shows 'This Week's Schedule' with a table of classes and their schedules.

Check your Degree Progress Reports every semester.

The Degree Progress Report tracks the completion of your GE, political science, and unrestricted electives. You want to turn all the red indicator lights  into green lights .

 Yellow indicator lights mean that you are enrolled in the class for the current semester, but the DPR counts those units toward completion.

Take charge of your learning

Professors will expect that you are organized on Day 1.

Organization is one of the main elements of success. Get a planner, start a to-do list, keep a regular schedule. Be organized and know what is expected of you.
