

BIOGRAPHY OF BOB PELLETIER

Bob Pelletier received a Bachelor Degree in Business Administration from Western Michigan University and an Associates Degree in Science from Schoolcraft College. Bob has taught many classes on Liquid Silicone Rubber Dispensing. He has worked the LSR and RTV industries for over 29 years, mostly in sales and marketing. Over the years he has also been actively involved with machine programming and development, technical writing and product literature. His knowledge of dispensing systems is largely based on his hands-on approach. Bob enjoys passing this information onto his customers via training classes, customer installations and technical seminars. His current role as Operations Manager of ELMET North America allows him to interact directly with customers both domestic and foreign, industry experts and suppliers throughout the world. His world travel offers a unique perspective of the entire Liquid Silicone Rubber market and its diverse segments.

Bob is married, has two sons and a daughter. He enjoys coaching, skiing, golfing and spending time with his family in his time off.
