

# Student Conduct & Integrity

## Our Mission

The Office of Student Conduct & Integrity is responsible for administering the California State University standards for student conduct. The office promotes standards of behavior that support Cal Poly Pomona's mission, vision and values of learning, responsibility, integrity, inclusiveness, and excellence. The office impartially administers a disciplinary process that protects student rights, upholds the integrity of the academic community, and fosters ethical development.

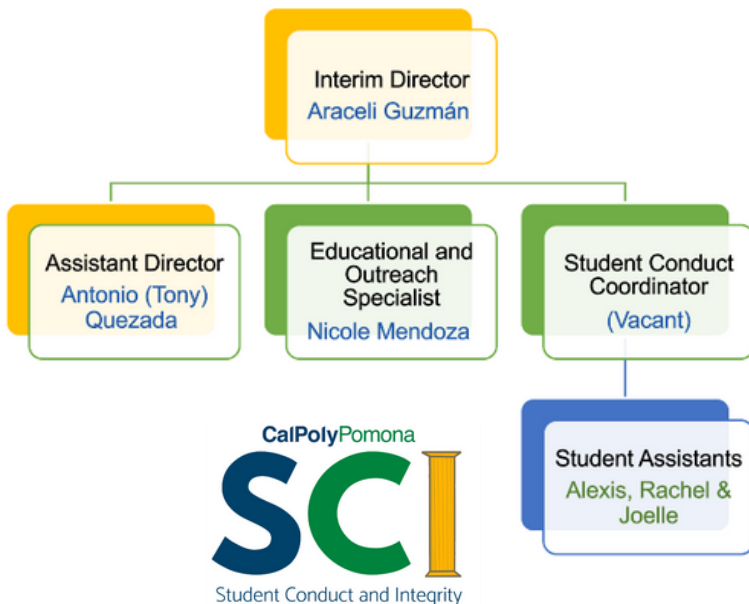

## Our Vision

The Office of Student Conduct & Integrity will objectively assess and respond to an extensive range of student misconduct while observing fundamental fairness, social justice, and due process of student rights.

Ensure that all students, faculty and staff are aware of university policies and procedures — particularly, the Student Conduct Code — for maintaining a positive and productive living-learning environment.

Create a reporting culture on campus so that students might know the value of academic integrity and the wellbeing of all students. A reporting culture helps our students to practice accountability and prepare for the social and professional environment outside of the university.
