

# CAL POLY POMONA COLLEGE OF ENGINEERING

## BE CREATIVE. BE AN ENGINEER.

Cal Poly Pomona is widely recognized for its learn by doing philosophy. As a student you will enjoy a unique blend of theory and practice to solve problems in a lab setting today, while you prepare to solve real-world problems tomorrow.

Students have opportunities to apply their knowledge to hands-on projects, collaborate with faculty members on research for a team-based learning experience, and participate in valuable internships and service-learning programs.

**MAKE THE WORLD A BETTER PLACE.  
DECIDE HOW.**

- A high rate of employment
- Significant financial reward with an average starting salary of \$66,000
- A balance between personal and professional life
- Professional mobility in your career

## SUPPORT FOR STUDENT SUCCESS

### Engineering Advising Center

The Engineering Advising Center is made possible by funding from the Student Success Fee. Engineering advisors are available to advise all engineering undergraduate students, with an emphasis on first-year, four year pledge and at risk students.

### MEP: Center for Gender, Diversity & Excellence in Engineering

MEP is an academic enhancement program for engineering students, with the goal of increasing the number and diversity of graduating students, including those from historically underrepresented groups.

### CPP WE: Cal Poly Pomona Women in Engineering

CPP WE, supported by Edison International, promotes a close community for engineering students through proactive retention activities and seeks to create an environment in which women can thrive in the classroom and beyond in their careers.
