Master of Science in Mechanical Engineering

Admission to the Program
Requirements for admission to the MSME Program are:

1. BS degree in Mechanical Engineering from an ABET accredited program. The degree must have been granted within five years prior to the proposed beginning of the graduate program.
2. GPA of at least 3.00 in all undergraduate upper division coursework in math, science, and engineering.

Applicants who do not meet the above requirements may be considered for admission on a case by case basis. In such cases, the applicant is required to submit recent test scores of the Graduate Record Examination, letters of recommendation, and other documents attesting to the applicant’s aptitude for graduate studies. The conditions to be met and the time allowed for meeting them are stated in the letter of admission.

Graduation Requirements
Candidates for the degree of Master of Science in Mechanical Engineering must satisfy the following requirements:

1. Develop, file, and complete a program of study.
2. Pass the Graduation Writing Test
3. Complete a minimum of 45 units of coursework with a grade point average of 3.00 or better, of which: (a) at least 36 units must be in 500 and 600 level courses, and (b) 4-9 units of Thesis or 4 units of Directed study plus Master’s Degree Project.

Applications
Please submit your application online at: www.csumentor.edu/AdmissionApp/grad_apply.asp
