ANGEL CASTAÑON - BENJAMIN KITTAKA - LORENZO MADAYAG MULTI **GENERATIONAL** 0.5 MILE RADIUS HOUSEHOLDS

HIGHWAYS

Continual development of car-centric infrastructure through disadvantaged communities, consequently leading to forced relocation, the fragmenting of neighborhoods, and deepening social and economic inequalities.

GENTRIFICATION

individuals move into the historically marginalized Boyle Heights, causing the displacement of tong-time residents due to a rise in the cost of living, resulting in the erasure of established culture and successful societal

systems.

Wealthier and often whiter

POLLUTION

Automobile traffic throughout the I-5, I-10, 101, and 60 freeways that carve through Boyle Heights results in astronomical amounts of environmental and noise pollution. The areas around the East LA Interchange in Boyle Heights have some of the highest rates of Asthma in LA County.

MARIACHI PLAZA

A significant cultural

landmark, it is an important point of contention due to the displacement caused by the construction of a metro stop, a part of LA Metro's E Line Extension. How can Transit-Oriented-Development projects be pushed forward without becoming a vehicle for gentrification?

INDUSTRIAL EDGE

There are ongoing efforts by

Boyle Heights' industrial edge

But will it be enough to retain

LA lawmakers to redevelop

into multi-unit residential.

those who need it most?

DEVELOPMENT

Artspace and new galleries are a medium of gentrification, subverting local cultural rent increases. A long-time pillar of the community, Self Help Graphics, which was involved in the Chicano Movement since the 1970s, location due to rising rent

OTHER

21% home ownership leaves residents defenseless to rent spikes. Boyle Heights must be for and by local community, not profit.

LA TRANSIT

HIGHWAYS

INFRASTRUCTURE SHAPED BY BOYLE HEIGHTS NOT VICE VERSA

- **ENRICHING AND** PROTECTING THE INFORMAL SYSTEMS THAT DEFINE AND RUN BOYLE HEIGHTS
- PULL FROM THE HISTORIC MOBILIZATION OF ACTIVI\$M
- THE CONTINUOUS CYCLE OF DISPLACEMENT IN BOYLE HEIGHTS MUST BE BROKEN

GENTRIFICATION

CAN UPWARD ECONOMIC MOBILITY BE JUMPSTARTED FROM WITHIN?

- HOW CAN THE SOCIAL FABRIC OF BOYLE HEIGHTS SHAPE NEW BUSINESSES?
- INTERVENE IN THE CITY OF LOS ANGELES' INTERPRETATION OF "IMPROVEMENT PROJECTS"

INCREASING HOME RETENTION THROUGH **EMPHASIS ON ECONOMIC TRANSITION** LEADING TO OWNERSHIP

POLLUTION

EXTENSIVE POLLUTION RESULTING FROM MASS CAR TRANSIT IS NOT CONDUCIVE TO LIFE

ECONOMIC INFRASTRUCTURE

Historic Gentrification and exploitation ravages Boyle Heights and the potential of its residents.

BUILT INFRASTRUCTURE

Hostile development imposed by lawmakers viewed as necessary improvement for a flourishing neighborhood.

SOCIAL INFRASTRUCTURE

Presence of the natural system of displacement pushed onto low-income and immigrant neighborhoods by policymakers.
