How the Select HMO plan can help you

Your benefits should fit your needs. This booklet is designed to help you make the best choices for you by highlighting the benefits that come with the Select HMO plan. If you want more details on the Select HMO plan, you can visit [anthem.com/ca/calpers](https://www.anthem.com/ca/calpers) and download an Evidence of Coverage booklet.

Finding care in an HMO

One of the best things about a health maintenance organization (HMO) plan is how simple it is to use. You choose a primary care doctor (also called a primary care physician or PCP) in your plan’s network to coordinate your care, and you’ll always know what you’ll pay for care.

Your PCP is your main doctor who provides annual exams and preventive care. They can be part of a medical group or an independent practice association (IPA):

- A medical group is a team of doctors who have come together as partners. They usually share one office or building and work together to care for patients. You can often fill prescriptions and have lab tests, X-rays, and other services in the same building.
- An IPA is a group of doctors in the plan’s network who work independently and have their own offices and patients.

Choosing a PCP in the Select HMO plan

If you enroll in the Select HMO plan, you need to choose a PCP. This is your main doctor when you have a health concern or need personal help to reach your health goals. A PCP also provides preventive care, such as a yearly checkup; makes referrals to specialists; and helps you make choices about your health.

To see if a doctor is in the Select HMO plan network, go to [anthem.com/ca/calpers](https://www.anthem.com/ca/calpers) and select **Menu** in the upper-left corner. Choose **Find Care**, then **Select HMO (Blue Cross HMO)**. Choose a type of doctor and location. You can also select **Search** to look for a doctor by name and in your plan’s network. If you live in Los Angeles and Orange counties, the Select HMO plan uses the Vivity network exclusively.

For support finding a doctor, call Anthem Blue Cross Member Services at **855-839-4524**. We’re happy to help.

What the Select HMO plan offers

Health benefits to fit your budget

With the Select HMO plan, you have access to a select network of HMO doctors. You have **low copays** and **no deductible** (your portion of the costs). In some cases, you pay nothing out of pocket for care.

Type of care	Copay
Office visit to see a doctor or referred specialist	\$15
Urgent care	\$15
Emergency care	\$50
Acupuncture or chiropractic care¹	\$15
Hospital or outpatient care	\$0
Lab tests and X-rays	\$0
Preventive care such as checkups, well-baby visits, women’s health exams, and flu shots	\$0

100% coverage for preventive care

You don’t have a copay when you see a doctor in your Select HMO plan’s network.

Access to the doctors and hospitals you want to see

You have the freedom to choose a local doctor and medical group you may already know. If you travel out of the service area, out of state, or overseas, you have access to special programs when you need care.

Enhanced chiropractic and acupuncture benefits

You can have up to 20 chiropractic or acupuncture visits in a calendar year for covered services that are determined to be medically or clinically necessary. Benefits for chiropractic and acupuncture services are provided through Anthem and the American Specialty Health Plans of California (ASH).

You don’t need a referral from your PCP to schedule your first visit, but make sure you schedule with an acupuncturist or chiropractor in the plan’s network. Remember to bring your member ID card to the appointment.

If you need help finding an ASH chiropractor or acupuncturist in your plan’s network, please call Anthem at **855-839-4524**.

No claim forms

Forms aren’t needed when you see a doctor or other care provider in the plan’s network. You only pay a copay — if one is required.
