

One Team Award Nomination

Project Name*

Departments Involved*

2 minimum

Project Description *

300 characters max

Team Members - Name, email, and department *

While students or consultants can be involved, 90% or more must be professional staff or faculty (State CPP, Foundation, or ASI)

Name of nominator*

Email*

First Name

Last Name

We encourage nominators to provide ample information about the project. The responses below will be the only way for the committee to judge the project against others. Where relevant provide specific examples, information, and data.

Outcomes

What were the project goals and how were they accomplished by the team? Please provide specific examples, information, and data where relevant.*

2500 characters max

During most projects teams come up with creative solutions when presented with problems. What efficiencies or innovations were discovered or developed during the project?

2500 characters max

How did the project align with CPP's strategic goals and core values? (Academic Excellence, Student Learning and Success, Experiential Learning, Community Engagement, Inclusive, Social and Environmental Responsibility; see CPP [Strategic Plan](#) and [Values](#))

2500 characters max

Projects will have variable levels of resources committed to their success. The committee will strongly consider maximization of resources to achieve impact. Please explain what resources were used and how were they used to accomplish the project's outcomes? Please consider people, hours, facilities, funding, etc.

2500 characters max

Teamwork

When cross departmental teams are created new procedures, communications, and/or workflows need to be made to ensure effective partnership towards a common goal. What cross departmental collaborations took place? How did cross departmental collaborations improve outcomes?

2500 characters max

Most high performing teams create intentional norms, rules, and processes for success. What actions were taken to create and maintain a high functioning team?

2500 characters max

What challenges did the team face and how were they overcome?*

2500 characters max

If there is any additional information not covered in previous questions that would be relevant to the selection committee, please enter it here. (Optional)
