**** Please note:** If the scope of work is determined to be non-recurring maintenance and repairs (NRMR) or capital improvements projects (CIMP), the department will be notified. A **budget transfer request form** will need to be prepared to transfer funds from POM01 to PDM01 or PCI01, accordingly. Should the actual costs **exceed** the initial estimated costs, you will be required to submit an additional transfer to completely fund the project. If the actual costs are less than the initial estimate, a budget transfer will be processed to return the funding to the original Chartfield String.
