## Immunization Requirements Guide

<p>Login to MyHealthPortal</p> <p>MyHealthPortal is where you can update your health immunizations, update your health history, schedule appointments, and send secure messages to your medical providers.</p>	<p><a href="https://MyHealthPortal.cpp.edu">https://MyHealthPortal.cpp.edu</a></p> 
<p>Confirm your date of Birth</p>	
<p>Navigate to "Medical Clearances". If you see a message indicating "Not Satisfied", then you will need to take additional steps to enter your immunization information and upload your immunization records.</p>	

Read the instructions at the top of the screen. Please note that you will need to enter the dates and immunization information for each item listed.

In addition, you will need to update your Health History, TB Screening, and Health Consent Forms.

The last step will be to upload copies of your immunization records.

To complete the TB Screening, you will answer five questions. When you are done, click on "Submit".

The screenshot shows the 'TB Screening' page on the 'CPP - MyHealthPortal'. The page has a blue header with a menu icon and the text 'CPP - MyHealthPortal'. Below the header, the title 'TB Screening' is displayed in a large blue font. The instructions state: 'Please answer the following questions...'. There are five numbered questions, each with radio button options for 'Yes' and 'No'. Question 1 asks if the user has previously tested positive for TB. Question 2 asks if the user was born outside of the United States, Canada, Australia, New Zealand, or North America. Question 3 asks if the user is immunosuppressed, current or planned, with a sub-question about HIV/AIDS, organ transplant, or medication. Question 4 asks if the user has had close contact with someone with active TB disease. Question 5 asks if the user has ever traveled or resided outside of the United States, Canada, or New Zealand for at least one month. At the bottom, there is an 'Important note' stating it can take up to 24 hours to update the compliance record, and two buttons: 'Submit' (blue) and 'Cancel' (white).

### Immunization Record

The last step is to upload your Immunization Record.

You can upload your immunization records from a mobile device or computer/laptop.

The supported file types are PDF, gif, jpg, png.

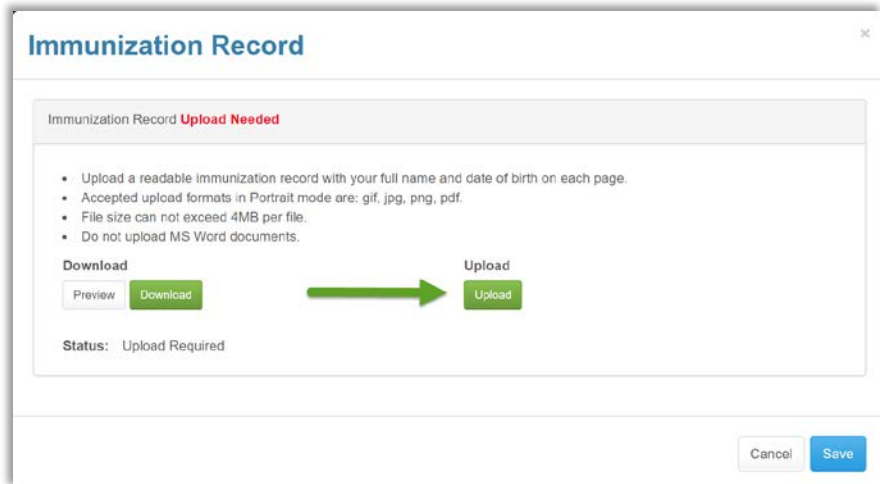

Please note that there is a 4MB size limitation per file. You can also upload multiple files.

The screenshot shows a simple interface for uploading an immunization record. It consists of a light gray rectangular box with the text 'Immunization Record' on the left and a green button labeled 'Update' on the right.

You can preview a list of requirements and preview or download the document.

Once you are ready to upload your immunization record, click on "Upload". You will be able to browse your computer/laptop for the file.

Click "Save" when you are done.

You can also upload from a mobile device.

You will be able to take a picture of your immunization records, or browse to your photo library.

Once you have completed all the steps, please allow 2-3 weeks for the verification process to complete.

The Immunization Verification Team will contact you if any other items are needed.

Starting July 1, 2020, Student health will send daily reports to the Registrar's Office.
