Any such expense will be borne by the Licensee where the condition is due to Licensee's actions or failure to act as required.

The University has no insurance to cover the personal or property damage of the Licensee, so during the period covered by this License Agreement; the University highly recommends that the Licensee, at their expense, obtain appropriate insurance such as a renter's policy.
- B. During the period covered by this License Agreement, it is highly encouraged that the Licensee obtains health and accident insurance, on either an individual or group basis. Please be advised that the University does not cover nor assume medical expenses or liability for Licensees.

XIX. Destruction or Unavailability

XXI. Force Majeure

XXII. Epidemic and/or Pandemic Consideration

In the event that circumstances related to an epidemic and/or pandemic reasonably prevent or hinder a party's performance hereunder, the party whose performance is affected may invoke the immediately preceding Force Majeure clause of this Agreement and be excused from liability for its failure or delay in performing its obligations hereunder, even if the circumstances related to the epidemic/pandemic were foreseeable at the time of the parties' execution of this Agreement. Notwithstanding the

foregoing, in no event shall Licensee be excused from paying any fees or amounts owed for the period of time during which Licensee occupied the Premises. If Licensee is unable to occupy the Premises due to circumstances related to an epidemic/pandemic, University will provide Licensee with prorated refunds for any license fee and meal plan fee amounts representing the time period during which Licensee was unable to occupy the premises due to circumstances related to the epidemic/pandemic.

XXIII. Non-waiver

The waiver of any breach of a term or condition of this License Agreement shall not constitute a waiver of any subsequent breach nor shall the acceptance of rent under this License Agreement by the University be deemed to be waiver of any preceding breach by Licensee of any term, covenant, or condition of this License Agreement.

Policies and Community Expectations Summer 2026

The Policies and Community Expectations section of the Summer 2026 Student Housing License Agreement serves as a guiding framework to foster a safe, inclusive, and supportive living-learning community for all residents. Our philosophy is rooted in the belief that on-campus living is a pivotal aspect of the collegiate experience, offering opportunities for personal growth, academic success, and meaningful connections. In addition to these expectations, residents must also abide by the Cal Poly Pomona [Principles of Community](#), which promote integrity, civility, and respect as foundational elements of our shared environment.

This section establishes a shared understanding of the responsibilities, expectations, and privileges that come with being part of the University Housing Services residential community. It reflects our commitment to creating an environment that promotes respect, collaboration, and accountability, ensuring that each resident has the opportunity to thrive.

Acceptance and agreement to abide by the policies and community expectations listed herein including all embedded hyperlinks is acknowledged through the online completion and electronic submission of this Agreement.

All policies outlined here apply to all University Housing Services (UHS) properties, including but not limited to: Residential and Traditional Halls, Residential Suites, temporary housing accommodations, UHS grounds, La Naranjita Center, as well as all UHS-sponsored events and activities, both on and off-campus.

University Housing Services implements an [educational student conduct process](#) designed to uphold community standards and foster a respectful living environment. Violations of this Agreement may result in warnings, educational sanctions, or contract cancellation, depending on the severity of the situation. The student conduct process emphasizes fairness, clear communication, and provides students with the opportunity to address concerns. UHS residents are expected to follow all policies and community expectations and fully cooperate with UHS staff to maintain a positive and supportive community.

Residents who are believed to be in violation of one or more policies may be referred to an official of University Housing Services, University Police, the Office of Student Conduct and/or other administrator(s) from the Division of Student Affairs.

H. Mold

Mold is a type of microscopic organism that occurs naturally both indoors and outdoors. While mold is commonly found in the environment, certain types may have adverse effects on human health and on building materials or furnishings. Because it may be impractical to eliminate all mold from indoor environments, it is important for residents to remain informed about mold prevention and maintenance practices.

Residents are encouraged to seek additional information from reputable sources, such as the United States Environmental Protection Agency ("EPA") or the California Department of Public Health ("CDPH"). The [EPA](#) and [CDPH](#) websites provide guidance and resources regarding mold prevention and indoor air quality. Additional UHS information can be found on the Resident Safety and Security webpage (available at <https://www.cpp.edu/housing/currentresidents/safety.shtml>).

Because mold and similar naturally occurring substances are present in all environments, UHS cannot ensure that the Premises will remain entirely free from mold or biological contaminants. These conditions may exist prior to occupancy or develop during the License Term. Residents can help reduce or prevent mold growth by maintaining cleanliness, ventilating their space, and promptly reporting any concerns to UHS.

Resident agrees to take reasonable steps to maintain a clean and dry living environment and to prevent conditions that may encourage mold or mildew growth. Resident further agrees to promptly notify UHS of any evidence of water intrusion, excessive moisture, or suspected mold within the Premises. Resident acknowledges that they have read and understand this disclosure, recognize the importance of the information provided, and accept responsibility for cooperating with UHS to maintain the Premises in good condition.

I. Posting

UHS supports the campus commitment to [free expression and lawful speech](#) as outlined by Cal Poly Pomona. UHS may establish reasonable time, place, and manner expectations for postings in residential communities to maintain safety, operations, and shared living standards.

- i. **Approval Requirements** - Postings in residential communities or on residential facilities must be approved by University Housing Services prior to display. Only University departments and recognized campus organizations may submit posting materials for approval. Materials must be submitted in advance and receive UHS approval before display. Electronic flyers and announcements promoting events by recognized campus organizations must be approved by UHS and include the official Bronco Leadership Center stamp.
- ii. **Resident Posting** - Residents may post on their own unit doors, provided postings comply with Fire Code regulations and do not obstruct egress, door signage, or peepholes. Posting or displaying materials on another resident's door or space without that resident's permission is prohibited.
- iii. **Prohibited Locations** - Posting and/or displaying materials in residential windows is prohibited. Whiteboards located throughout residence halls are the property of UHS and must comply with university policies. They are reserved for student leader programs, UHS events, and academic purposes only.
- iv. **Content and Compliance** - UHS may remove postings that violate applicable laws, CSU and CPP policies, or create safety or operational concerns. The public display of obscene matter, as defined in California Penal Code §311, is prohibited in housing facilities. In alignment with CPP free expression expectations, UHS will not remove materials solely because content is unpopular, controversial, or expresses dissenting views. However, UHS reserves the right to remove postings from public view if they include, but are not limited to: harassing, threatening, or intimidating others; disrupting the living environment; creating a hostile environment for individuals or groups.
- v. **Staff Posting** - UHS staff are permitted to post in the community and/or on residents' doors for official communication, safety information, and programming.

This form must be completed within five (5) days of occupancy. Residents may be subject to charges for any damages not submitted via the Room Inspection within five (5) days of check-in.
 - vi. Residents must promptly submit and report any damage or issues to their room or suite as soon as possible via work order (non-emergency issue) or contacting UHS staff (if a facilities emergency). Failure to report damages or issues in a timely manner may result in additional charges due to increased damages/increased repair required. A Licensee who submits a work order request hereby gives authorized University Housing Services personnel permission to access the unit to address the issue noted on the work order.
 - vii. Each semester, University Housing Services staff will perform Health and Safety Inspections. Licensees will be given advance notice of these inspections, as they require entry into every student room. If any violations of the Student Housing License Agreement are found during such inspections, appropriate action will be taken.
 - viii. Each Licensee is responsible for their own unit and space. Licensees occupying a suite are also responsible for unit common areas; any charges incurred will be split appropriately. Any copyright infringement that is a violation of the University computer and internet use policy will result in loss of internet access and student conduct proceedings.

IV. MISSING ON-CAMPUS RESIDENT STUDENT NOTIFICATION AND PROCEDURES

A. Reporting a Missing Student

If a member of the University community has reason to believe that a student who resides in UHS on-campus housing is missing, they should immediately report their concern to:

- University Police Department: 909-869-3070
- Any California Law enforcement agency
- University Housing Services (UHS): 909-869-3307
- [Resident Advisor \(RA\) or Area Coordinator](#)

B. Background

- i. The Higher Education Act as amended by the Higher Education Opportunity Act (HEOA) of 2008, requires Title IV institutions with on-campus student housing facilities to establish a missing student notification policy and procedure.
- ii. Missing Student Definition: A student is deemed missing if a reasonable investigation by the Residence Life staff does not determine their whereabouts on campus or if certain extenuating circumstances indicate an immediate concern. These conditions may include, but are not limited to:
 - Medical or health-related issues
 - The student has consistently been absent from classes and has not been seen in other locations
 - A UHS/CPP official has expressed concern and initiated an inquiry
 - A parent/guardian and/or roommate/suitemate of the missing person has reported the disappearance due to a lack of regular contact with the student

A student is considered a Missing Student after 24 hours of being unaccounted for, although it may be determined that the student is missing before the full 24-hour period has passed.

C. Policy

All UHS Licensees are required to provide a Missing Person Contact within the Housing Portal. In compliance with the Higher Education Opportunity Act (HEOA), Cal Poly Pomona has established policies and procedures for missing student notification.

D. Procedures

- i. Registering a Confidential Missing Person Contact
 - a. Each year, University Housing Services (UHS) informs students living on campus about their option to designate or update a Missing Person Contact through the Housing Portal. This contact is:
 - Confidential and used solely for missing person investigations
 - Separate from, but may be the same as, the student's Emergency Contact
 - If the resident is under 18 years of age and not emancipated, their parent/guardian will be notified
 - It is the resident's responsibility to maintain and update their Missing Person Contact information
 - Even if a resident elects not to provide a Missing Person Contact, University Police and local law enforcement will be notified that the student is missing
- ii. Investigating a Report of Missing Student
 - a. When a report of a missing student is received by any UHS staff member, UHS will immediately report this information to the University Police (UPD) as required by the University. University Police, in conjunction with University Housing Services staff, will activate established missing student procedures. Although the HEOA requires that procedures be implemented for students who have been missing for 24 hours, the following procedures are activated immediately or as soon as circumstances warrant:
 - A resident is reported missing to the University Police. University Police are contacted immediately if the report is made to a member of University Housing Services Staff, Resident Advisor, Area Coordinator, University Housing Services Office, etc.
 - University Police will contact the local law enforcement agency to take the report and initiate a joint investigation
 - UHS Residence Life Team will provide registered Missing Person Contact information submitted in the Housing Portal to University Police
 - Contacts are made for purposes of notification, and often as a part of the investigation (e.g. to ensure the student has not returned home or traveled unexpectedly) by authorized CPP official(s)
 - UHS Residence Life Team will assist University Police with their investigation of the missing person as directed

University Police will keep University Housing Services and/or CPP administration informed of the investigation's progress.
