ANNUAL FIRE SAFETY REPORT

The Annual Fire Safety Report is published and disseminated annually in compliance with The Campus Fire Safety Right-to-Know Act, included as part of the reauthorization of the Higher Education Opportunity Act (HEA) institutional fire safety regulations (34 CFR 668.49). These regulations apply only to institutions with on-campus student housing facilities and focus exclusively on those facilities. The regulations do not apply to other buildings or other non-campus student housing the institution may own or control. The reporting period for this report is the 2023 calendar year.

The terms “On-Campus Housing” and “fire” used within this report are defined as follows:

- On-Campus Student Housing is defined as a student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonably contiguous area that makes up the campus.
- For purposes of fire safety reporting, a fire is defined as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Cal Poly Pomona’s Annual Fire Safety Report provides the following information:

- A description of each on-campus student housing facility fire safety system; The number of fire drills held during the previous calendar year.
- Policies on portable electrical appliances, smoking and open flames in student housing facilities; and Procedures for student housing evacuation in case of a fire.

REPORTING A FIRE

Although residents may report a fire to any University official, students and employees should report all fires, fire related emergencies, or smell of smoke to the University Police Department Police Dispatcher. Dial 9-1-1 from any campus or emergency phone, or (909) 869-3070 if using a cell phone. The nearest fire alarm may be activated.

After the fire has been extinguished, for purposes of including a fire in the annual fire safety report statistics, all fires should be reported to one of the following housing officials: University Housing Services (UHS) - Executive Director, Residence Life Director, Professional Responder On Duty, Associate Director of Facilities: Foundation Housing Services (FHS)/University Village - Director of Foundation Housing, Associate Director of Operations, Assistant Director for Community Standards & Wellness, Assistant Director for Leadership Development, Facilities Manager.

MANDATORY SUPERVISED DRILLS

Evacuation drills are conducted involving all University Housing Services (UHS) facilities and Foundation Housing Services (FHS)/University Village annually. All Housing professional staff and student resident advisors receive training in evacuation policies and procedures. A mock evacuation drill is conducted annually with University Housing and Foundation Housing staff.

During this reporting period, the university conducted mandatory supervised drills as listed below.

EVACUATION DRILLS

Type of Program	Date	Dept. Provider	Audience	Description
Evacuation Drill; Education and Awareness Program	Annual 10/19/2023	Emergency Management & campus partners	Campus Proper Bldgs., CLA Bldg. & Other	Announced Evacuation Drill Campus-wide Building Evacuation Drill
Evacuation Drill	Bi-Annual 1/23/2023 8/30/2023	Emergency Management & University Housing Services (UHS)	UHS – Traditional Halls UHS – Suites UHS – Residential Halls	Unannounced/Evacuation Drill for student residents and Residence Life employees
Evacuation Drill	Bi-Annual 1/31/2023 8/29/2023 10/19/2023	Emergency Management & University Village	University Village (UV)/Foundation Housing UV Community Center/Rec Center	Unannounced/Evacuation Drill for student residents and Residential Education staff Announced/Evacuation Drill as part of the Campus- wide Building Evacuation Drill

EMERGENCY NOTIFICATION FOR FIRE INCIDENTS

In the event of a fire, the fire alarm will notify any building occupants. Cal Poly Pomona may follow the same notification policy for fires that it does for criminal incidents or emergencies. The University will issue emergency notifications, without delay, in response to a confirmed significant emergency or a dangerous situation, occurring in the Clery defined on-campus geography that, in the judgment of the University, constitutes an immediate threat to the health or safety of members of the on-campus community.

EMERGENCY NOTIFICATION POLICY

The primary intent of this policy is to provide uniformity in the manner in which emergency notifications required under the Clery Act are processed. The systemwide Emergency Notification Policy shall serve as the authoritative statement of policy on Emergency Notifications for each campus. This policy outlines the procedures campuses will use to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students and/or employees occurring on the campus.

Any member of the campus community with information believed to constitute a significant emergency or dangerous situation that poses an imminent or immediate threat shall report the information to UPD and/or by calling "911." Examples include, but are not limited to, the following types of incidents:

- Severe weather warning (e.g., flash flooding, tsunami, hurricane, etc.).
- Environmental emergency within an on-campus facility (e.g., hazardous chemical spill, fire, earthquake, building collapse).
- Criminal activity with an imminent threat to campus community (e.g., active shooter, murder, fleeing suspect with a weapon).
- Public Health Emergency (e.g., measles outbreak, swine flu outbreak, etc.).

Once UPD has received the report, the Chief of Police (or management designee) will, without delay and taking into account the safety of the community, confer with the appropriate public official (e.g., fire chief, health department) and any campus officials responsible for managing the on-campus emergency, if available, to confirm **both**: 1) a legitimate emergency or dangerous situation exists impacting on-campus geography; **and** 2) the emergency or dangerous situation poses an immediate or imminent threat to members of the on-campus community. This confirmation process may include, but is not limited to, visual observation, officer investigation, the assistance of key campus administrators, local or campus first responders, and/or official government reporting through agencies such as the National Weather Service.

If both of the above factors are not met, no emergency notification is required. If it is determined that both of the above factors are met, then an emergency notification as described below shall be issued. The Chief of Police (or management designee) will confer with the Clery Director, if available, to prepare the content of the notification and determine which members of the campus community are threatened and need to be notified. The content of the message will be developed based on a careful but swift analysis of the most critical facts.

Once the notification is prepared, the Chief of Police and/or the Clery Director (or their management designees) will, without delay and considering the safety of the community, transmit the emergency notification unless doing so would delay the ability to mitigate and/or contain the emergency, including the

ability to provide immediate, life saving measures. If an emergency notification is issued, a timely warning shall not be issued for the same incident.

CONTENTS OF THE EMERGENCY NOTIFICATION

The emergency notification shall contain the following information:

- A statement as to what the emergency or dangerous situation is, in specific terms (e.g., chemical spill, active shooter, building fire)
- A statement providing direction as to what actions the receiver of the message should do to take precautions for their own safety
- A statement as to where or when additional information may be obtained

The Clery Director (or management designee) will provide updates to the emergency notification with pertinent updates or direction to persons for their safety when new information becomes available. Updates will be provided in regular intervals until the emergency has been mitigated or no longer poses an imminent threat, e.g., fire is out and building has re-opened.

METHODS OF DISTRIBUTION

Emergency Notifications will be distributed as quickly as possible in a manner that will likely reach the segment(s) of the on-campus community threatened by the emergency. Segmentation will be considered by the Chief of Police (or management designee) by evaluating which persons are likely to be at risk and notifying those persons. Segmentation should not be considered if making this determination would delay issuing the emergency notification. The Chief will determine if notification to the larger community is appropriate. Distribution methods, including distribution to the larger community, vary from campus to campus and depending on the nature of the emergency, may include:

- A campus mass notification system, including but not limited to phone, campus email, or text messaging. Systems should provide currently enrolled students, faculty and staff the ability to adjust their subscription preferences to select multiple contact methods from text messages, emails and phone calls, or if desired, to 'opt out' of the service and not receive any notifications
- Audio/visual message boards
- Audible alarms/sirens
- Campus public address systems
- In person or door-to-door notifications in a building or residence halls
- Local media
- Social media
- Other means appropriate under the circumstances

EMERGENCY NOTIFICATION AND FIRE SAFETY TRAINING ACTIVITIES

Type of Program	Date	Dept. Provider	Audience	Description
Safety Alert Test	Quarterly	Strategic Communications	All - Campus Wide	Test of the campus safety alert system for critical incidents or emergencies
University Village RA and Student Leader Training	5/25/2023 8/11/2023	Foundation Housing Services	University Village Resident Advisors	All Hazards Training: Evacuation Training, EM overview, and Facilities Training

Fire Extinguisher Use	On-going	Emergency Management Foundation Housing Services	University Village- Staff and students	Basic fire extinguisher deployment training

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

All student residents and employees are trained in procedures to report fires and other emergencies. This information is included in all new student orientation and student housing employee training and is reinforced in procedures and protocols. All students and employees should report all fires, fire related emergencies, or smell of smoke to University Police. Dial 9-1-1 from any campus or Code Blue emergency phone, or (909) 869- 3070 if using a cell phone to reach a Police Dispatcher 24 hours a day. The nearest fire alarm may be activated. Information regarding these policies and evacuation procedures are outlined in the Evacuation and Fire Safety Policies section of this report.

Although the institution does not have policies related to fire safety education programs and fire safety training programs associated with on-campus student housing facilities, fire safety education and training is a high priority. All housing professional and student staff receive training that includes evacuation policies and procedures, notification procedures, and other related safety topics.

Evacuation maps are affixed to the interior side of all University Housing Services room and suite doors. There is permanent signage throughout facilities providing emergency contact information, evacuation, and other related safety information. At the University Village, each apartment has an evacuation map and emergency procedures poster on the inside of the front door.

All University Housing Services residents receive training in emergency procedures and protocols at an all hall meeting at the beginning of the academic year. Throughout the year, Resident Advisors may hold additional workshops and trainings for housing residents on fire safety. Health and safety inspections are conducted quarterly for UHS facilities and three times per year in residential room/suites.

All University Village residents are required to read, and agree to adhere to, fire safety and evacuation policies and procedures included in their license agreement. Health and safety inspections are conducted each semester in residential units.

Residents may access additional safety information online at <https://www.cpp.edu/housing/currentresidents/safety.shtml>

FIRE SAFETY POLICIES AND EVACUATION PROCEDURES

SMOKING POLICY

Cal Poly Pomona is a smoke and tobacco free campus. The smoking policy defines “smoking” as lighting, burning, carrying, inhaling, exhaling, or holding a lit cigarette, cigar, bidi, pipe, or other smoking or recreational vapor delivery apparatus containing tobacco or another substance. The policy is available online at https://www.cpp.edu/policies/university/administrative/smoke_free_work_place.shtml.

UNIVERSITY HOUSING SERVICES (UHS) – FIRE SAFETY POLICY

Fire Safety/Evacuation – Any violations may result in eviction from UHS property on the first offense.

1. All persons are required to evacuate the building any time an alarm sounds and follow evacuation instructions given by the UHS staff. During an evacuation, UHS staff may enter individual units to verify evacuation. No person is allowed to re-enter the building during an evacuation until approved by UHS staff or emergency personnel.
2. Intentional misuse of, tampering with or obstruction of the fire safety system or firefighting equipment (e.g., fire alarm, fire extinguisher, emergency "EXIT" signs, smoke detectors, fire sprinkler heads, etc.) is a misdemeanor violation in accordance with City of Pomona Ordinance #3286.
3. Possession, storage or use of ammunition, explosives (firecrackers fireworks, smoke bombs, etc.), flammables (gasoline, propane, butane, kerosene, etc.), candles or any item with an open flame in the housing facilities (including on balconies and patios) is strictly prohibited.
4. Burning any material, including incense, is prohibited except when specific prior approval is obtained from the building Coordinator for the purpose of religious observances only.
5. Decorations that are flammable or fire hazards (including candles or incense –are prohibited - see [UHS License Agreement](#)).
6. Licensee shall not bring or maintain any hazardous electrical decoration including, but not limited to, halogen torch lighting.
7. Extension cords and multiple plugs/outlet adapters are prohibited.
8. Only power strips with a minimum 1449 UL listed surge suppressor with sufficient joule capacity should be used for protection of computers and other electrical equipment. It is prohibited to connect multiple power strips together.
9. It is prohibited to cover more than 5% of a door and/or 25% of a wall in both private and public spaces.
10. It is prohibited to hang objects from the ceiling in both private and public spaces.
11. "Live cut" trees (such as Christmas trees) or other combustible decorations are prohibited in the residential facilities.
12. Any permissible holiday decorations in the residence halls must be made of fireproof materials

- and be UL (Underwriters Laboratory) List-approved for the intended use.
13. All electrical decorations must remain within unit and not be mounted on doors, windows or their frames.
 14. Licensee shall NOT possess any electrical appliances used for heating or preparing food other than those with enclosed heating elements.
 15. Toasters and other cooking devices with open heating elements are permissible only in the Residential Suites and should be used in the kitchen areas only. Appliances must be directly supervised at all times while in use.
 16. Hot plates, grills with open/exposed heating elements and/or the fuel materials for such grills are prohibited.
 17. Personally owned refrigerators up to a maximum of 3.7 cubic feet are allowed only in the Residence Halls. Personal refrigerators and/or microwaves are not allowed in the Residential Suites without the expressed permission of University Housing Services.
 18. All policies under Decorations and Fire Safety apply.

FOUNDATION HOUSING SERVICE (FHS)/UNIVERSITY VILLAGE (UV) - FIRE SAFETY POLICIES AND RESPONSIBILITIES

Barbeques

- A. Residents may possess and use personal charcoal barbecues a minimum of twenty-five (25) feet from any University Village building. Gas and propane barbecues are prohibited.
- B. Residents must remain with hot BBQs at all times, dispose of all extinguished coals/ash in a trash receptacle, and clean the area after every use. BBQs are to be stored in a location not blocking any emergency exit or egress.
- C. Lighter fluid and charcoals cannot be stored in the outdoor storage closet due to the water heater. The approved storage locations for lighter fluid and charcoal are:
 - Phase I: Under the kitchen sink or inside the kitchen/hallway closet
 - Phase II: Under the kitchen sink or inside the kitchen/hallway closet
 - Phase III: Under the kitchen sink, inside the hallway closet, or in the side nook in the housing unit (next to dining room table)

Fire Safety

- A. Highly flammable materials, liquids, or instruments which pose a risk of damage or injury are prohibited. These items include, but are not limited to candles, incense, space heaters, fireworks, gasoline, helium tanks, tiki torches, explosives, toxic chemicals, propane or other gas cylinders, biological agents, etc.
- B. Misuse of the stove or leaving a lit stove or oven unattended is prohibited.
- C. Power strips, extension cords, and string lights are permissible as long as they are UL approved and meet minimum fire safety regulations for indoor use. Plugging multiple extensions cords and power strips into one another is prohibited.
- D. It is a misdemeanor violation to tamper or obstruct fire safety systems or equipment in accordance with the [California Penal Code 148.4](#). This includes tampering or breaking fire alarms, fire equipment, hanging/covering fire safety items, or making false reports.
- E. Residents will be charged for the replacement of any fire safety device lost, discharged, or damaged by the resident or guest.
- F. "Live cut" trees, such as Christmas/holiday trees, are prohibited. Artificial Christmas/holiday trees are allowed if under 4 feet in height.

- G. Tampering or removing the University Village evacuation map on the back of your housing unit front door is prohibited. The emergency procedures and evacuation map should be viewed by all residents and their guests.

Fire Evacuation and Emergency Procedures

- A. Resident shall not block space in any manner as to block emergency access to the window(s) or door(s).
- B. All persons are required to evacuate for emergencies and University Village training evacuations.
- C. Failure to vacate during an emergency or simulated emergency may result in a conduct meeting.

Furnishings and Appliances

- A. Additional furnishings (including, but not limited to couches, loungers, loveseats, sofas, beds, tables, desks, beanbag chairs, storage containers, amplifiers, mattresses, chairs, game tables, dart boards, exercise equipment, large bookshelves, large entertainment centers, kitchen carts, etc.) are prohibited.
- B. Prior approval by University Village staff must be obtained for additional small furnishings (including, but not limited to tables, desks, beanbag chairs, storage containers, chairs, kitchen carts, etc.)
- C. Removal of University Village-provided furniture from the housing unit, or storage in outdoor storage closet, is prohibited.
- D. Mini-refrigerators greater than 3.5 cubic feet, in-line water purification systems, lofts, electrical appliances used for heating or preparation of food (portable stoves, hot plates, etc.), portable dishwashers, halogen lamps, waterbeds, washers, dryers, and bidets are prohibited.
- E. Microwaves, toasters, coffee makers, electric kettles, air fryers, and other cooking devices are only allowed in kitchen area for fire safety. Appliances must be directly supervised at all times while in use.

EVACUATION PROCEDURES

University Housing Services (UHS) and Foundation Housing Service (FHS)/University Village (UV) respectively, have detailed processes and well-defined responsibilities to ensure effective implementation of emergency evacuation procedures. Below outlines some of these procedures. Additional information is available upon request.

UNIVERSITY HOUSING SERVICES – EVACUATION PROCEDURES AND RESPONSIBILITIES

Residence Life Team (RLT) Evacuation Responsibilities

During business or after-hours emergency evacuations, the Residence Life Team (RLT), Resident Advisors (RAs), and Front Desk Assistants (FDAs) are designated to evacuate the residents from their assigned residential buildings. However, in the event that any pre-assigned individuals are not present or available during an emergency evacuation, University Housing Services emergency team members shall solicit assistance from other staff and residents, or request assistance from University Police or campus Emergency Operations Center to provide staff or volunteers to help with the evacuation.

Area Coordinators (ACs): The Area Coordinators are the designated Building Marshals (BMs) for their assigned Traditional Halls, Residential Halls, and Residential Suites. ACs are responsible for implementing the Residence Evacuation Plan into action during and after-hours.

Building Marshal (BM) Responsibilities

All BMs will have access to Two-Way radios as part of their emergency supplies located at the Front Desk of their buildings. The radios will help BMs to communicate with the Principal Building Marshal (PBM) and the other BMs during the evacuation process. The BMs will be called by the PBM to give evacuation status reports, inform of any high-risk areas, or to let them know when the evacuees are able to re-enter the buildings. Radios should be set to Channel 1. Extended conversations should be set to Channel 2.

Public Safety Two-Way Radios – University Housing Services has three (3) public safety band two-way radios. The radios are in the following UHS facilities: Estrellas, Bldg. 54, Mechanical Yard (M1), Bldg. 69, and the Naranjita Center (Java), Bldg. 71.

BUILDING EVACUATION PROCEDURES/RESIDENT ROSTERS

With the help of all UHS Student Leaders, the Building Marshals (BM) are to safely evacuate residents, guests, and staff from all UHS buildings. All BMs are required to keep current resident roster lists in the emergency bins located in the Front Desk. ACs can access rosters through StarRez and must keep rosters updated at all times.

Once the evacuees have been escorted to the designated evacuation site, the BMs and UHS Student Leaders are required to take resident attendance and submit all resident roster lists to the PBM. BMs and UHS staff must use signs located in the Emergency Bin to organize the residents at the evacuation site.

The PBM will collect and deliver all resident roster lists to the main campus Emergency Operation Center (EOC) located in Building 49 on Citrus Lane or via email.

RESIDENT ADVISORS, FRONT DESK ASSISTANTS, AND ALL UHS STUDENT LEADERS' RESPONSIBILITIES

Under the direction of the Area Coordinators/Building Marshals, the RAs and FDAs are to assist in executing the Resident Emergency Evacuation Plan. In an ideal situation, the emergency procedures should be executed per the established evacuation process. However, in most cases, not every RA, FDA, SL, or AC will be present during an unexpected emergency evacuation.

Absolutely no one is permitted to re-enter the buildings until it is cleared for re-entry by the Principal Building Marshal. The RAs or FDAs should solicit the help of resident volunteers to help evacuate the buildings.

Procedures dictate personal safety first. If there is imminent danger, staff are directed to not enter the building or attempt any heroic feats.

UHS RESIDENCE EVACUATION AND STAGING AREAS

Residence Halls and La Cienega Center are to evacuate to:

- Rose Garden
 - Encinitas, Bldg. 20
 - Montecito, Bldg. 21
 - Alamitos, Bldg. 22
 - Aliso, Bldg. 23
 - La Cienega Center, Bldg. 59
 - Naranjita (Java), Bldg. 71

Residential Suites, Towers (Sicomoro, Secoya), and Multi-Purpose Room, Bldg. 52 are to evacuate to:

- Soccer Fields
 - Multi-Purpose Room, Bldg. 52
 - Estrellas, Bldg. 54
 - Bonita, Bldg. 60
 - Sol, Bldg. 61
 - Montañas, Bldg. 62
 - Luna, Bldg. 63
 - Sicomoro, Bldg. 73
 - Secoya, Bldg. 74

FOUNDATION HOUSING SERVICE (FHS)/UNIVERSITY VILLAGE (UV) EVACUATION PROCESS

In the event of an evacuation during business hours, the UV Business office Evacuation Coordinators will evacuate the business offices, and the Residential Education Team (RET) will work with any on-site Resident Advisors (RAs) or Community Development Team (CDT) members to evacuate residential units.

In the event of an after-hours emergency evacuation, the RET will work with on-duty RA's and any on-site RA's or CDT to evacuate the residential units. In the event any pre-assigned individuals are not present or available during an emergency evacuation, UV emergency team members shall solicit assistance from other staff and residents, or request assistance from University Police or campus Emergency Operations Center to provide staff or volunteers to help with the evacuation.

When evacuating residential units, UV emergency team members (RET, RA's, and/or CDT) will be assigned a building(s) to evacuate and will be assigned as pairs to enter every apartment/room that needs to be evacuated to verify it has been vacated and to direct residents to their designated evacuation site. UV emergency team members evacuating apartments will be assigned building rosters to document who was home, who evacuated, who was unable to evacuate, etc. Updated rosters will be printed bi-weekly and placed in the RA duty folder. Procedures dictate personal safety first. If there is imminent danger, staff are directed to not enter the building or attempt any heroic feats.

At the designated evacuation sites, UV emergency team members will take attendance. In the event of a real emergency, residents will be required to stay at the evacuation site until the situation is cleared. In an evacuation drill, residents are required to check in at the evacuation site and then they can return to their apartment.

UV EVACUATION AND STAGING AREAS

- Community Center/Recreation Center
 - Evacuate to Visitor Parking Lot
- Phase 1 Apartments
 - Evacuate to grassy/gazebo area behind building 135
- Phase 2 Apartments
 - Evacuate to parking lot area near buildings 180-230
- Phase 3 Apartments
 - Evacuate to basketball court

FOUNDATION HOUSING SERVICE (FHS)/UNIVERSITY VILLAGE (UV) - EVACUATION CHAIN OF COMMAND

Chain of Command Overview

Under University direction, the UV Evacuation Coordinator (or designee) and assigned staff will direct and coordinate emergency operations from the UV Operations Center.

Chain of command is as follows:

- Evacuation Coordinator: Director of Housing (DH)

Business offices

- Evacuation Coordinator: Accounts Specialist (AS)
- Evacuation Coordinator: Housing Technology Manager (HTM)

Residential spaces

- Evacuation Coordinator: Assistant Director for Leadership Development (ADLD)
- Evacuation Coordinator: Assistant Director for Community Standards and Wellness (ADCSW)
- Evacuation Coordinator: Area Coordinator (AC)
- Evacuation Coordinator: Area Coordinator (AC)
- Evacuation Coordinator: Community Development Coordinator (CDC)
- Evacuation Coordinator: Graduate Coordinators (GC)
- Resident Captains: Resident Advisors (RA)
- Resident Captains: Community Development Team Members (CD Team)

PLANS FOR FUTURE IMPROVEMENT IN FIRE SAFETY

Continued future improvements in fire safety are as follows:

- Conduct ongoing training for staff and student leaders on emergency and evacuation safety
- Conduct practice drills prior to semester evacuation drills
- Continued annual maintenance and assessment by fire and life safety vendors

2024 ANNUAL SECURITY REPORT

The 2024 Annual Security Report pursuant to the Jeanne Clery Disclosure of Campus Security Policies and Campus Crime Statistics Act (20 U.S.C. § 1092(F)) may be accessed on-line from the university home page or at <https://www.cpp.edu/annual-security-report.shtml>

FIRE LOG LOCATION

The Fire Log for University Housing Services and Foundation Housing Services, Inc. (University Village) is maintained at the front counter of the University Police Department as required. The log may be accessed at University Police and Parking Services Building 109 located at 3801 West Temple Ave, Pomona, CA. University Housing Services: <https://www.cpp.edu/housing/about/safety.shtml>
Foundation Housing Services (University Village): <https://cppvillage.com/>

FIRE STATISTICS BY ON-CAMPUS STUDENT HOUSING FACILITY 2021-2023

FIRE STATISTICS 2021
