Welcome to

U NIVERSITY **H** OUSING **S** ERVICES

Welcome to your new home! Living on campus provides a unique opportunity to immerse yourself in the Cal Poly Pomona experience. Get the most out of your college career by forming new friendships, growing and learning in ways you haven't before, and creating long-lasting memories.

This handbook is designed to provide you with everything you need to know while living at Cal Poly Pomona. From knowing where to pick up your mail to important policies and procedures. If you have any questions, please contact the University Housing office.

Letter from The Executive Director

Dear Future Residents, Parents, Family, and Friends,

On behalf of all of us at University Housing Services, welcome to Cal Poly Pomona! I want to thank you for taking the time to explore our handbook and learn more about the opportunities and benefits that are in store for a student living in one of our on-campus communities.

Living on campus offers students enormous benefits from support in academic pursuits to experiencing campus life and coming a Bronco! Our studies have shown that residents who live in a College Themed Community at Cal Poly Pomona average 7% higher GPA than nonresidential students. National studies have shown that students who live on-campus take less time to earn a degree and overall are more satisfied with their college experience. On-campus living is safe, convenient, and cost effective. Our current and past residents will advocate and agree that living on-campus made adjusting to a college environment easier. In addition, this is where residents meet their life-long friends and in some cases life-long partners. Another timely benefit is that residents have easy access to campus without the hassles of commuting and traffic. From academic and educational programs to cultural and recreational events, we encourage you to participate and take full advantage of the opportunities of living on-campus and being a part of a learning centered environment.

Please continue to explore your handbook. I also encourage you to stop by the office and meet some of our team. We are excited to have you join our community and make it your home.

I look forward to meeting you and best wishes in your educational pursuits!

Sincerely,

Reyes J. Luna, Ed.D.
Executive Director
University Housing Services
