

MICRO-INTERNSHIP STUDENT GUIDE ON PARKER DEWEY

What is a Micro-Internship?

- Short-term, paid, project-based work experience typically requiring 20-40 hours of work
- Low-risk, requiring minimal on-boarding and suitable for college students with minimal training.
- Serve as a valuable alternative to traditional academic internships.

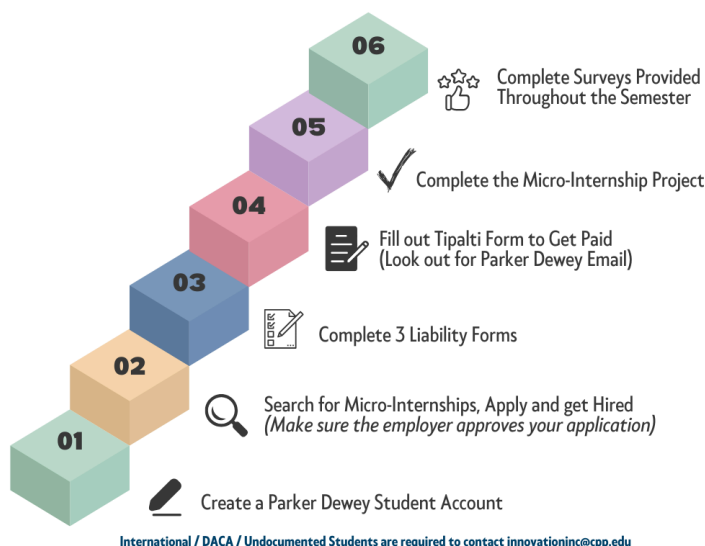

Micro-Internships Student Benefits:

- **Engage in Paid Projects:** Participate in paid micro-internships involving short time commitments ranging from 20 to 40 hours per week or spanning a month.
- **Diverse Career Exploration:** Explore various career paths by working on project-based assignments, allowing you to discover your interests and strengths in a practical setting.
- **Showcase Skills:** Demonstrate abilities to potential employers, applying classroom learning in real-world projects. Develop a professional portfolio highlighting micro-internship contributions.

What are the Requirements:

1. Create a Parker Dewey Student Account (*Students must be placed on Parker Dewey project before starting their Micro-Internship*)
2. Complete 3 liability forms (*Student must complete these forms before beginning their Micro-Internship*)
3. Once selected for a project, fill out Tipalti Form as part of the payment process
4. Comply with course requirements and deliverables

Steps: For Complete steps, please visit <https://www.cpp.edu/ii/micro-internships/for-students.shtml>

Sign-up as a student, please use the **CPP**
