

The University of Strathclyde is a leading international technological university. It was recently voted UK University of the Year, then subsequently received the accolade of Entrepreneurial University of the Year in 2014/15.

Founded in 1796, the University of Strathclyde is the third largest university in Scotland with a strong focus on '*useful learning*' and entrepreneurship. The campus is based in the heart of the vibrant and friendly Scottish City of Glasgow.

There are a number of academic reasons to study at the University of Strathclyde as an exchange student:

- Create a **varied study abroad program** for **one or two semesters**
- Choose from over **180 classes** from Humanities & Social Sciences, Strathclyde Business School, Science and Engineering.
- Integrate fully into the academic and social life at Strathclyde living and studying with Scottish, British and international students from **over 120 countries**
- **Teaching quality.** Strathclyde offers an outstanding teaching and distinctive student experience.
- Strathclyde Business School is one of the **top 1% business schools worldwide** and the only one in Scotland, with accreditation from the three leading accrediting bodies EQUIS, AMBA and AACSB.

Strathclyde is an attractive study abroad option for many other reasons:

- **Comprehensive orientation** and welcome programme
- **Accommodation on campus** or in private residences within walking distance of the University.
- Glasgow - a great location **ranked one of the world's top 10 "must-see" places**
- Glasgow - **gateway to the Scottish Highlands and Europe**
- Less than 1 hour train ride to the centre of Edinburgh
- Commonwealth Games host city in 2014
- EAIE Conference host city in 2015
- Wonderful city for anyone interested in the Arts and Music
- City full of buildings boasting impressive architecture
- **Direct international flights** to Glasgow from various destinations throughout the world.
