Subject: Annual Notification Under the California Whistleblower Protection Act

Provisions of the California Whistleblower Protection Act require the University to annually provide you with information about reporting improper activities of state agencies or employees involving any type of fraud, waste, or abuse. The annual California State Auditor's Whistleblower Notice includes information on what to report, where to report, how to report, a statement on protection from retaliation for whistleblowing, and a statement from the California State Auditor's Office regarding the activities of that agency. For your convenience, the notice, along with a poster from the California State Auditor, is available through the following links:
