CPP IS AN IMPACTED CAMPUS

Impaction means we receive more applications from qualified students than can be admitted. At Cal Poly Pomona a number of individual majors and programs are impacted. Supplemental criteria may be required, including a higher GPA (overall and/or math) and MFA score.

AM I ELIGIBLE?

To determine admission eligibility, applications will be evaluated on coursework (A-G courses), including the grade point average of 10th and 11th grade, as well as extracurricular activities and leadership.

Applications will first be reviewed to see if they are CSU-eligible. If they are, then the applications will be reviewed by the specific campuses that the student has applied to.
