

Ranked No. 10 in the world, The Collins College of Hospitality Management is the first and largest hospitality program in California. Since 1973, our program has consistently ranked among the nation’s best and boasts an 81 percent professional placement and continuing education rate.

We work to advance the field of hospitality management through CPP’s Polytechnic Experience, grounded in collaborative, hands-on learning; embracing diverse backgrounds, ideas and cultures; and strategically integrating scholarship, service and applied learning.

POINTS OF PRIDE

The Collins College is one of only 70 programs worldwide to be accredited by the Accreditation Commission for Programs in Hospitality Administration (ACPHA).

Students graduate with the equivalent of more than six months of full-time hospitality industry-related work experience.

CPP's award-winning student managed and operated restaurant is a central part of our curriculum and embodies the university's learn-by-doing tradition. With weekly rotations in both the back and front of the house students gain transferable skills for future leadership roles across all sectors of the industry.

Through the Disney College Program, students work front-line positions at Disneyland Resort to develop professional skills while earning remuneration and full-time units.

Located minutes away from Los Angeles, one of the country's largest hospitality hubs, we serve as a pipeline to Southern California's professional hospitality industry.
