

In Motion Dentists
In Home Dental Care

Cal Poly Pomona, Pre-Dental Internship Program

About In Motion Dentists:

For the last 5 years, we have been providing comprehensive dental services exclusively on a house-call basis. Our patients are often unable to be seen in a traditional dental setting due to transportation barriers, physical/mental disabilities or due to behaviors that are related to their disability. Alzheimer's/Dementia, Autism, Down's Syndrome and Cerebral Palsy are just a few of the conditions our patients have been diagnosed with.

Being able to help serve this population in LA and Orange County is our greatest joy and we hope you will consider being a part of our internship team so a greater number of patients are able to receive the dental care they need.

Internship Duties:

Though the duties can often change based on needs, we are primarily looking for several individuals to help with **dental assisting duties**. After we provide you with training, you will be:

- Direct dental assisting
- Helping load and unload the work van of dental supplies/carts
 - Must be able to lift 40 lbs
- Travel between treatment sites
 - Must have a valid driver's license and vehicle to travel between patient locations
- Light office duties

Duration of Internship / Time Commitment:

Though we would welcome you to stay longer, the minimum commitment is **1 school semester at 1 day per week**. You are welcome to commit to interning more days, but most students need to focus on school and family so 1-2 days/wk is normal. You must be available to intern the entire day. We often start the day between **7:30-8am** and end the day no later than **5:30pm**.

How to apply:

If you would like to intern or receive more information, please contact **Krystal** (hiring manager) via email at InMotionDentists@gmail.com

Please include that you are a student at Cal Poly Pomona, your name, email and phone number. Krystal will then arrange a time for you to come into the office for an initial evaluation.

Additional Information:

On occasion, internships can lead to a paid interning position. This is at Dr. Banner's discretion and is based on your reliability during the internship, ability to pick up the duties assigned to you quickly, your availability and desire to continue working with In Motion Dentists and availability of open paid positions with the practice.

We hope you will consider this unique and fun experience to work with the special needs population.

Dr. Wade Banner
