you have successfully enrolled, please visit [CSU Fully Online](#) for instructions and frequently asked questions.

After completing the course, the grade will be automatically transferred to your home CSU campus and posted as transfer credit. As a student at CPP, you will need transcripts from us for any future academic endeavors (transfer or graduate school). In addition, the online class will compute your Academic Standing at CPP. If you receive a failing grade (D, F, or W) in this class, it may negatively impact your academic standing, even if you remain in good standing at your home campus. This status will become part of your permanent academic record.
