

Study Group 4
Reflection Questions

Name: _____

Think about today’s focus questions before answering the reflection questions:

- What are the key science ideas we as teachers need to understand in order to teach **content area 2** well?
- What can we learn about the STeLLA strategies, science content, and student thinking by analyzing our own classroom videos?

1. What did you learn today, and how do you think it will influence your teaching of future lessons? Please be specific.

2. What are you thinking now about sharing your own classroom videos with your study-group colleagues?
