

Name: _____

Date: _____

Bar Graph of Beetles That Survived

1. Below the bars, write the names of the beetle colors in the blanks.
2. For each bar, shade in the number of beetles that survived for that color.
3. Below the bars and color names, record the fraction of beetles of each color that survived.
4. At the bottom of the page, fill in the fraction of the total number of beetles that survived.

Color 1

Color 2

Color 3

Color 4

Color 5

Fraction that survived:

Fraction of the total number of beetles that survived: _____
