

# COEXISTING WITH CAMPUS COYOTES

TIPS FOR  
LIVING  
ALONGSIDE  
OUR WILD  
NEIGHBORS

LEARN MORE

## Keep your distance.

Allow them room to move away, admire from afar.

## Do not feed wildlife.

Wildlife can become dependent upon human or pet food and approach humans.

## Secure your trash.

Keep lids closed and remove often.

## Be loud and make them uncomfortable.

Jingle keys, yell, stomp feet, appear large until coyote moves away from the area.

## Be cautious when outdoors at dusk and dawn.

Coyotes are most active during this time.

Keep pets leashed and close by.
